CARRIER - 106  
NEWSTAND - 15¢

Wednesday, October 1, 1975.

PRESIDENT OF THE ALBERTA Wheat Pool and chairman of Alberta Food Products Mr. G. L. Harold officiates at the official sod turning for a \$15 million rapeseed crushing plant in the MD of Sturgeon. He's at the controls of the machine.

## Town may swell by 6720 acres for self - protection

The Town of St. Albert is considering a massive annexation program which will swell its present boundaries by 6720 acres.

Purpose of the annexation, between itself, Namao and Edmonton, is to give the town a stronger identity and to swell its industrial tax base with the creation of an industrial development in the east sector of the proposed annexation.

Mayor Dick Plain said he regretted having to go this route before there was any discussion with the public. This was forced on St. Albert by the workings of the Local Authorities Board before whom the proposal must go. After that there will be a public referendum on the annexation. But ultimately the agreement with the St. Albert expansion proposal must come from the LAB.

The MD of Sturgeon, the County of Parkland, Edmon-

ton and the Edmonton Regional Planning Commission will be informed of St. Albert's move.

Stanley and Associates Engineering Ltd. were commissioned by the town to present a report on the potential annexation at a

special meeting of council last Monday night.

Mayor Dick Plain saw the annexation as a move towards stiffening provincial government policy on the formation of green belts, maintaining the tradition of

## Final input received on Rec/Cultural complex

About 15 citizens met with council members, recreation board members, town staff, architects and contractors last night at the Community Hall to discuss refinements to the recreation complex plans.

The people were told that no consideration would be given to changes that would increase the price of the 4.5 million dollar complex. Architect Don McCoy of Phillips-Barratt advised the audience to view the plans from the point of view of the user and visualize oneself as actually making a trip to the complex.

The design is now frozen. The recreation board will meet again tonight to discuss suggestions made by individuals who attended Tuesday's meeting. Suggestions will then be passed on to architects and to council. Decisions on alterations will be made after the three

bodies have reviewed the work of last night.

The meeting was then broken up into three groupings - those interested in the arena, those interested in the swimming pool and those interested in the cultural facilities. Some of the outcome is listed below.

Questions on the arena centered around seating capacity of that facility, type of floor under the ice and whether or not an addition might be made to the rink. The seating capacity of the arena is about 2,000. There was a desire expressed for more seating. However, it was pointed out there is space for the addition of more than 600 extra seats. The floor is made of insulated plywood, and additions can be made to the arena, if it is so desired in the future.

Grosvenor Park pool supervisor Keith Walker sug-

## Lacombe Park Centre opened

The climax of the afternoon came when Sgt. Thompson of the RCMP took the golden scissors and cut the ribbon to open the Kinsmen RCMP Centennial Building on Larose Drive Sunday. The building was dedicated to the RCMP in recognition of 100 years of community service.

The building will serve as a community centre for the residents of the Lacombe Park area. Co-operation between the Kinsmen, muni-

cipal government, the provincial government, BACM Development Corporation Limited and residents of the area was cited as a major reason for the building being completed in face of all the obstacles.

"This project has brought together residents, both young and old, on a neighbourhood level," said project chairman Bill Hite at a ceremony held before the ribbon cutting. The ceremony was attended by about 75 people.

At the head table was MLA Ernie Jamison, Sgt. Thompson, Kinette President Linda Stewart, Coun. Rod Thronson of the town, Kinsmen President Ken Polon and BACM General Manager Michael Rogers. The Kinsmen and Kinette members could be distinguished by their purple shirts. But most of the audience was composed of Lacombe Park residents.

Mr. Hite reviewed the history of the community centre, beginning with the

Kinsmen first seeing a need for a community facility to serve Lacombe Park. He said it has been shown here that residents can work together as a team. He added that once everything was finished, he was confident the centre would blend in well with the surroundings.

Mr. Polon cited the Kinsmen philosophy of serving the community's greatest need by working together with government and business. He acknowledged the support of the club and of the community on the project.

Mr. Thronson and Mr. Jamison made speeches on behalf of their respective levels of government.

Mr. Jamison said he felt that the excellent community centre was a particularly appropriate project under the RCMP Centennial Committee program from the point of view of both the Kinsmen and the Force. It was in keeping with the service clubs motto and it also focused on the community role of the RCMP.

We need the community and the St. Albert detachment working together to make the force effective in controlling crime, vandalism, violence and the horrendous toll of death on our highways, said Mr. Jamison, and went on to make a strong plea for citizens to back up the force in every way possible. "We must put our

## Reeve Flynn Incredulous

In an interview this evening with Reeve Bill Flynn of MD Sturgeon, from which municipality the proposed St. Albert annexation will be taken, the Reeve said he was completely taken by surprise when he heard the announce-

ment this morning.

"Neither myself as Reeve, or the MD council was at any time consulted on this proposal by the Town of St. Albert," said Mr. Flynn.

While we have heard some rumbles of their plans, said

Reeve Flynn, it seems incredible that they would go this far without any formal consultation with MD Sturgeon.

I simply don't understand the attitude of St. Albert council in ignoring us in this way, said Reeve Flynn. Over the past two years, knowing the wishes of St. Albert to remain as a separate identity we have endeavored to work with the previous council and this council on water and sewer problems. The MD council has also presented proposals for the sharing of industrial tax to assist St. Albert in maintaining its identity. "I simply cannot understand this annexation action, taken with no prior consultation with MD Sturgeon," said the Reeve.

## RCMP warning

St. Albert RCMP issued a warning this week to children who are climbing up on to the Safeway roof above the Grandin Shoppers Mall. Apparently the kids are just going up there to play, but danger lurks on the roof top.

A spokesman for the RCMP said Tuesday there are high voltage wires on the

roof as well as light covers to high speed fans. RCMP said there is a chance that kids could lose an arm if they weren't aware of these dangers.

They should not be on the roof anyway and RCMP ask parents to assist them in keeping children off the roofs.

## "Gazette" could stay town's sole paper

It seems as if St. Albert residents will be able to read "The Gazette" each week at their breakfast tables without having another weekly paper demanding to be read.

At a special meeting in town hall last Monday night St. Albert council decided to throw out a proposal by Sun Colorpress of Edmonton which would have seen the town take a paper giving St. Albert an advertising rate of \$1.82 per column inch. The paper would have been supplied to each household from October 15, 1975 to December, 1976.

The upshot of the motion which was carried at the council meant, as Mayor Dick Plain explained, that St. Albert would be at liberty to advertise in three or four newspapers, should they ever come to the town.

Sun Colorpress had said in a letter to St. Albert September 22 that they had a reporter, editor and premises all lined up and ready to go. Of course at the moment,

## Kinette tag day

Don't forget to support the Cystic Fibrosis Tag Day slated for Saturday, October 4. The St. Albert Chapter of the Kinettes will be in the Grandin Shoppers Park Safeway and outside the Liquor Store.

For the past few years the Kinsmen and the Kinettes have collected thousands of dollars to help fight Cystic Fibrosis. Please help them to continue the fight.

## Town may swell

Continued from page 1.

high quality residential living in St. Albert (with the possibility of industry to offset tax problems).

"If we had a balance like Red Deer, Edmonton and other communities, our mill rate would have been 10 mills lower than it is today," said Mayor Plain.

Councillor Rod Thronson said that people had never had a proper green belt, or industry, and that the whole annexation was absolutely necessary.

He was referring to the acquisition of the Restricted Development Area as a prerequisite for strengthening St. Albert's community identity along with the development of an industrial base.

Councillor Margaret Smith pointed out to council that she was not in favour of the doubling up of residential and industrial development in St. Albert which is what the annexation means; she thought the move should be looked at in the long term as a land bank proposal to give the town control over its future.

She suggested that the town might want a plebiscite on the annexation also that if the town didn't act now and file some kind of proposal then the initiative would no longer be in the hands of St. Albert.

Coun. Smith felt the need for a physical separation between the town and Edmonton, though she said that residents would probably find the need for gradual development with a balance between the industrial and residential areas.

### RESOLUTION REQUESTING ANNEXATION

After Stanley and Associates Engineers gave their summary of the annexation proposal, Councillor Thronson read out a resolution calling for the annexation. It would help boost the industrial assessment of the town from its present low \$2.6 million, a mere 0.5 per cent set against industrial assessment in other comparable

towns of five per cent. Annexation would establish the south boundary of the restricted development area as the logical boundary of St. Albert, beyond its present south and east limits.

Mayor Plain wanted the town to proceed from its present 200 acres of industrial assessment to a more realistic mix.

"We must establish economic strategy with more normal sharing of residential and commercial areas while preserving the residential areas," he said.

This way, as Councillor Myrna Fyfe saw it, the town would be able to ward off Edmonton by increasing its own economic base and there would be more employment.

### ENGINEERS CONCLUSIONS

Stanley and Associates report concludes that St. Albert's best interests will be served by going ahead with the expansion which would involve two distinct annexation areas.

These would have the effect of: extending the southern boundary of the town to 137th Avenue, extending the south-east boundary to the southern perimeter of the RDA and the eastern boundary to Highway 28. The north east boundary would follow the north boundary of the south half of section 17-18, township 54, range 24 and the south half of section 13, township 54, range 25 which will include river lot 56.

The report also points out that Big Lake will also be protected in the new annexation as an important water fowl habitat away from urban intrusion.

It also estimates that by the turn of the century an additional 10,000 to 15,000 acres of serviced industrial land will be required within the Edmonton region. The report adds that it is impossible to say just what percentage of the total market might be attracted to an industrial development in St. Albert during this time frame.

Stanley and Associates have seen that if the industrial development in the eastern portion of the annexation takes place, there could be a marked reversal in the traffic flows between St. Albert and Edmonton. More people would be travelling north to St. Albert to get to work rather than more travelling south to work in the city.

There would also be the possibility that Edmonton Transit System would have to be extended east to meet the needs of industrial development caused by the potential annexation.

"She was Betty down in Brighton, She was Phyllis up in Perth, Sybil when in Southport, The finest girl on earth, She was Kathy down in Cambridge, The foremost of the bunch, But down in my expense account She was petrol, oil and unch."

Continued from page 1.

the sole local paper for St. Albert remains "The Gazette," with no other(s) in sight.

Councillor Rod Thronson couldn't accept any other paper until it was operating in St. Albert as a proven success. Councillor Gary Wetsch moved that the September 22 letter be rejected and Councillor Frank Luky was not prepared to take the Edmonton publishing house's offer.

Councillor Myrna Fyfe was not in favour of the town being boxed in by the Oc-

tober 1975 - December 1976 time limit.

Mayor Dick Plain presented his argument that at this stage he didn't want to enter any agreement with the Sun Colorpress. If it did publish in St. Albert he said, then St. Albert would do business, but no exclusive agreement would be offered.

Councillor Barry Breadner was against the town entering into the agreement with Sun Colorpress which had been previously agreed to in principle.

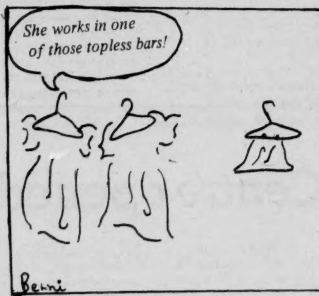

## ASTA supports govt. anti-inflation drive

The executive of the Alberta Trustee's Association has endorsed, as an interim policy, the efforts of the Alberta government to restrain inflation by instituting an 11 per cent budget increment limit for school and other public service expenditures. The decision was made at a recent meeting of the ASTA executive.

However, the trustees added a rider to their expressed willingness to help maintain that level of education spending increase. They said they would do so only if

they were fully supported in their efforts by the government, and if the government puts a corresponding limit to its incremental budget.

Art Bunney, president of the ASTA said that when the matter was discussed by the executive, there was some concern that 11 per cent was not a reasonable figure. "Nonetheless," he added, "school trustees were unanimous in their assessment that some action had to be taken and perhaps this was the right one."

## Lacombe Park

Continued from page 1.

money where our mouth is," he said and recognize that the RCMP require more financial support also. We must pay more for training programs and more for salaries for RCMP officers.

Mr. Jamison said also that St. Albert is fortunate in having a particularly dedicated and hard working group of young men in the Kinsmen Club. A club which has won many awards and which has produced individual members who advanced to high positions in the Provincial and National work of Kinsmen. And a club which has made many contributions to the community in service work.

Dave Stewart, vice-governor of Kinsmen District 4, told the audience that at one point costs had escalated to the point that there was a possibility the project would not be completed. However BACM, the developers of Lacombe Park, bailed the community out by giving \$50,000 to the project. He presented a certificate to the company's representative Michael Rogers.

Mr. Rogers said that everyone worked hard to get the centre. For this reason the centre will be that much more appreciated.

Certificates of appreciation and plaques also were presented to the provincial government, the town, Mr. Hite, and the Kinsmen Club.

The Woolfender Group of architects and architect Gary Frost (formerly with Woolfender) were thanked for their part in the design of the building. General contractor

Brian Graham was also thanked. Bernie March and Barry Miller of the town were thanked too.

The Kinettes are thanked for supplying lounge furniture that cost in excess of \$2,000.

Last but not least, a young resident named Philip Morgan was given an award for keeping an eye on the site while the building was being constructed.

### COSTS

Costs of the building ran in excess of \$175,000. This does not include the cost of the land which was donated. BACM gave \$50,000 plus the land. The Kinsmen gave \$71,000 which included a provincial government grant of \$20,000. The Kinet Club donated \$2,000 towards the furnishings and the Town of St. Albert came up with the balance of the funds.

A Kinsmen representative later said the club was proud with the results of their project and were hopeful that the centre would be put to good use by the community as a whole. They are at the same time adamant in their insistence that the town establish a comprehensive maintenance and security program, and are most hopeful that using groups will treat the building with the respect they feel it deserves. They expect the town will provide complimentary furniture to the Kinetite donation for the meetings rooms on both the upper and lower levels.

## final input

Continued from page 1.

ested that there were too many diving boards to supervise. To him, a five meter diving board had no competitive value and was also hard to supervise. He also suggested a slide should be installed in the shallow area.

Coun. Margaret Smith suggested a larger sauna, and different rates for those who both wished to use the sauna and the pool. Other items discussed were wheelchair access, a gate on the door to close off shower rooms from the pool, and office space for the assistant manager beside the manager.

Cupboard area under the window, loading access to

the ceramics area, cabinets in the foyer area, refreshment concessions near the arts and crafts room, plumbing in the lapidary area (jewellery making shop), special wiring in the kiln area, better access to washrooms and use of a grand piano were all concerns voiced by cultural facilities users.

A long discussion was held concerning cutting down corridor space in the cultural area, so there would be more room for cultural activities. However this plan snags and users were unable to formulate suggestions.

After two hours of reflection and discussion, the meeting broke up.

## PUBLIC NOTICE

THE WATER RESOURCES ACT  
STURGEON RIVER DIVERSION

Notice is hereby given that Alvin H. McKenzie has filed an application and plans under provisions of the Water Resources Act to construct the necessary works to divert a maximum of 222 acre-feet of water per annum from the Sturgeon River on the SE 14-55-24-4 for irrigation purposes.

Any person having a bona fide interest in the matter may file objections with the Controller of Water Resources, Department of The Environment, Milner Building, Edmonton on or before the 22 day of October, 1975.

## Kinsmen approve location for Rodeo 115

The St. Albert Rodeo originated 10 years ago when the Kinsmen Club of St. Albert decided to contribute to the celebration of the town's birthday by staging a rodeo. Originally, the rodeo was intended to serve as a fund raising activity not only for the Kinsmen, but for other service clubs as well. But the reputation, earned by the Kinsmen with the first rodeos, confirmed many times since, and almost enshrined in local legend as Rainmakers, made other clubs reluctant to gamble money and many hours of effort on mercy of the weather. The Kinsmen too had their difficulties. Members had to sign personal notes to guarantee debts incurred and the choice, to persevere or not, was the subject of heated debate within the club.

The rodeo has now been staged for 10 years (consecutive) and has become the

fourth largest outdoor rodeo in Alberta and the 10th largest in Canada. The rodeo now enjoys the participation and contribution of most organizations within St. Albert. But perhaps its most important characteristic has been its ability to tap the resource of the community in its spirit and become a festival, an event that is uniquely St. Albert's.

New Grounds Chairman Dave Stewart submitted a notice of motion to the St. Albert Kinsmen to approve Rodeo 115 to be located on the north side of the Sturgeon Road, one mile east of the St. Albert Trail. A three year lease will be signed by the club and already three culverts for entrances have been installed, courtesy of the Town of St. Albert, and the 20 acres seeded through a donation by the Big Lake Sod Farm.

The new grounds committee has been working with

town and provincial officials for over one year to secure new grounds. The Kinsmen will immediately start to purchase materials for 3,000 seat bleachers, fencing, holding pens, racetrack and bucking chutes.

The committee sees many uses for the new facilities such as model airplanes, snowmobiles, race track, market garden, winter carnival etc.

The St. Albert Kinsmen would like to thank everyone who helped make the project a reality.

## \$2000 grant to District 3

On September 22, 1975, Mr. Ernie Jamison, MLA, presented a cheque for \$2,000 to Dr. W. G. Zielinski, superintendent of the St. Albert Catholic School District.

The amount represented an Outdoor Education Grant under the School Outdoor Education Assistance program designed for use in initiating and evaluating outdoor education programs.

The funds will be used by the Vital Grandin and Albert Lacombe schools to carry out outdoor education projects at the grade five level. The grant represents the first payment to the school district on a three year basis.

Soccer playoff winners

Commaches are the Peewee B winners. In the front row, left to right is Bruce Hudson, Brad Slater (captain) and Mark Allred. Stephen Gunn and John Parker are in the back row. Missing are Brian Rasmussen, Mark Hoffman, Paul Gariepy, Clyde Krier, Craig Adlard, Allan Taylor, Tim Wilson, Coach Terry Kent and Assistant Coach Gordon Rasmussen.

## New town office manager

Mr. W. L. Winger, 36, of 11 Springfield Crescent in St. Albert has recently been appointed as St. Albert's new office manager.

He replaces former office manager Richard Suggitt who recently resigned from the post.

Mr. Winger has been a resident of St. Albert for 10 years and is married with a family of eight children.

Mr. Winger will take up his new post October 15. He is presently working as an accountant office-manager

for a drilling industry supply company.

Mr. Winger is a chartered accountant and completed a

five year course of instruction through the Alberta Institute of Chartered Accountants.

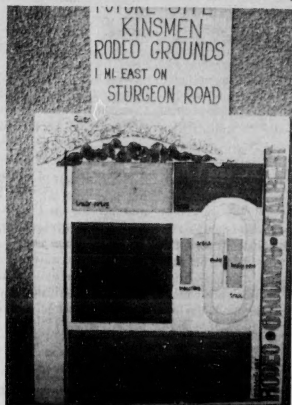

The difference between sowing wild oats in the city and in the country towns is that neighbors in small towns know the size of the crop.

Bigamy is the only crime on the books where two rites make a wrong.

A sweet old lady, always eager to help the needy, spied a particularly sad old man standing on a street corner. She walked over to him, pressed a dollar bill in his hand, and said, "Chin up". The next day, on the same street corner, the sad old man shuffled up to the old lady and slipped \$10 into her hand.

"Nice pickin'," he said in a low voice. "Paid nine to one."

The St. Albert Kinsmen Rodeo, fourth largest in Alberta, has moved one mile east on Sturgeon Road. Above is a map of the new grounds.

## "How good is your homeowners policy?"

"I represent Safeco because it protects you against things you don't often think about - until they happen. Things like damage resulting from sewer backup, electrical damage to appliances, smoke damage, and even damage to the property of others when you feel a moral obligation rather than a legal one."

"Safeco offers the best homeowners policy in town. I'd like to explain all the details."

## The Gazette REFLECTS

The crunch has finally crystallized. The moment of truth has arrived in the long-standing conflict between how I view the future of the Town of St. Albert as an MLA and how two successive town councils see the future.

So let it all come out.

As your MLA I am completely, unalterably opposed to the direction Mayor Plala's council is taking - as I was completely opposed to the direction the former mayor, Ray Gibbon proposed.

Both those councils clearly established extensive growth of St. Albert as a basic essential need of the town's survival.

I disagreed with both councils. Both Ray Gibbon's council and Richard Plala's council then tried to bring in Bill Pue as a method of silencing the MLA and The Gazette. Under Gibbon Mr. Pue lasted less than five months, but at a recent meeting of the Chamber of Commerce executive he reiterated his position by telling that meeting that if he were the mayor he would have accepted Mr. Pue's offer of \$2.50 per ratepayer without delaying the offer by sending it back to staff by one week.

But this confrontation reduces to petty bickering in the face of the present St. Albert's council decision announced Monday night, to apply to the Local Authorities Board to annex another 10 sections to the town.

The basic reasons for this preposterous move is to give council control of the land - and to put in place an industrial park between St. Albert and Edmonton residential districts, in the vain hope - not that our taxes will ever be lowered - but that they may not reach the point where St. Albert residents simply cannot pay the ever-increasing tax burden.

All of this in clear defiance of Premier Lougheed and his government's position - the government of which I am a member.

Only two days ago the Premier, speaking in Vancouver, said he would like to see five more communities of only 50,000 population develop in Alberta - as opposed to continued growth of our two major cities - Edmonton and Calgary.

This annexation proposal that St. Albert council will apply to the Local Authorities Board for approval is in direct confrontation to Alberta Government policy.

An annexation - not away from the Edmonton metropolitan area - but to the south, approaching the city.

As I have said before what we need to the south is physical

separation from the big city. Space between us - not an industrial park between us. For industry attracts industry. And industry dearly loves to be close to huge cities. Industry must pay labour's transportation costs to the industrial site.

What I see, as your MLA, is in my view a more important issue. Governments at all three levels must react to the absolutely clear wishes of the common man to escape the horrors of huge metropolitan areas.

Readers of the conservative, business-oriented Globe and Mail will have followed Richard Needham's three-part series of articles on the flight of people from huge metropolitan areas in the U.S.A. Mr. Needham has recently spent considerable time in the U.S., observing this flight, which he predicts will become "a torrent." He relates his experience to what is happening in huge Canadian cities - particularly Toronto. To quote from his article in the September 26th issue of the Globe and Mail:

"Farewell to big American cities. Unless they change their ways [and who in our time has the guts to change, or even try to change anything?]. They'll end up as ghost towns - enclaves of the poor, the old, the minorities."

Or quoting from Mr. Needham closer to home: [the present situation in the U.S.] "as if people were running from Toronto and Oakville AND Whistly to let's say Northern Ontario and Alberta and Newfoundland. [Emphasis on AND is his]. St. Albert is the Whistly in this situation.

"These people quitting the big northern cities of the U.S. writes Canadian Needham, 'are getting as far away from them - as far away from any big city - as they can.'"

As I see it - if St. Albert annexes land to the south - towards Edmonton - as they now plan to do - then it won't matter that the present council does it in the name of control. The next council may change - may have different plans - and the next council is only two years away.

Any expansion of St. Albert to the 105,000 population which the town's sewer system was built to handle - and particularly the expansion to the south of Alkindsale [plus the proposed industrial park] between St. Albert and Edmonton is a serious, irreversible policy mistake in my view.

Unfortunately the decision has now been made on this annexation by council. It seems to me that from the far south-east boundaries of rapidly growing Sherwood Park to the far north boundaries of a St. Albert committed to growth, the urban concrete sprawl of Edmonton metropolitan area can only continue unchecked.

## Last steam run in Edmonton

To commemorate their last operation in Edmonton prior to moving north of the city, the Alberta Pioneer Railway Association will fire both of their steam locomotives during the Thanksgiving weekend.

The public will be able to view the cab of one steam engine as well as take a free ride on the train pulled by the other. Every other hour, the train will be pulled by both locos. Photographers take note other railway equipment will also be on

view. It's all free, and it happens Saturday, Sunday and Monday, October 11, 12 and 13 between noon and 6 p.m. at 116 Avenue and 80 Street, just west of the Exhibition grounds. There's ample free parking and refreshments and souvenirs are available.

Mayor Bill Hawrelak, MLA Ernie Jamison and Reeve Bill Flynn of the MD of Sturgeon have been invited to a symbolic "last run" early in the afternoon of October 12.

## OTTAWA and Small Business

### We're being swindled

By KENNETH McDONALD  
Winston Churchill once said, "All social reform which is not founded upon a stable medium of internal exchange becomes a swindle and a fraud."

Canadians are being swindled by the fraud of inflation - the hidden tax which saps the dollar's value. In 1975 we need \$140 to buy what \$100 would have bought in 1971.

Inflation is caused by Ottawa expanding the money supply to cover its deficits. This year Ottawa is spending \$5 billion more than it gets in revenue - three times last year's deficit. It needs the money to pay the soaring costs of unemployment insurance, Local Initiatives Program (LIP), Opportunities For Youth (OFY) and all the other giveaway schemes politicians invent to get themselves re-elected.

Ottawa's overspending is the direct result of the something-for-nothing philosophy which has kidded a lot of young people into believing there's no need to work. By 1973, young single adults (14 to 24 years), who represented only 27 per cent of the labour force, accounted for 48 per cent of the unemployed - and drew benefits up to \$113 a week. UIC spending has gone from \$694 million in

1970 to over \$2 billion in 1973 to probably \$4 billion by the end of 1975 - a six-fold increase in five years.

Expanding the money supply to mop up the \$5 billion deficit at home, borrowing abroad to pay for Canada's \$5 billion deficit in foreign trade - Ottawa is trying desperately to postpone the day of reckoning. As a country we're living beyond our means. Ottawa tries to hide the fact by borrowing to prop up the dollar, because if the dollar were allowed to reach its true value (about 90 cents U.S.), too many Canadians would wake up to what is happening.

To attract foreign money, Ottawa has to raise the Canadian interest rate, which adds to inflation because everyone's costs then go up as well. Cost of financing is one of the five top problems reported by members of the Canadian Federation of Independent Business. Borrowing at reasonable rates for productive purposes - to build houses or to finance business expansion - strengthens the economy.

Borrowing abroad to keep our dollar from falling does not solve our problem. We must as a nation get back to work and produce competitively more of what we consume.

The Canadian Federation of Independent Business ©

## to the Editor

Where have all the  
good things gone?

As I see it, history can always help. Good things are hard to come by at times. St. Albert is a good thing. It's a nice place to live in. Back in January 1861, when Father Lacombe mused his barking dogs to the top of the Hill from Lac Ste. Anne, and started cutting logs for the first building he anticipated a bright future. When the first bridge west of Winnipeg was built on the Sturgeon River all the pioneers got together. The town was built by community effort, by sharing and mutual understanding.

During the Riel Rebellion, St. Albert became a place of peace. Families from other communities were invited to camp here, far from the poison tipped arrows and the lead spitting muskets. On many occasions, Pere Lacombe acted as the Mayor, the Town Council and the MLA. His main difficulties were occasional skirmishes with his dog team. The barking can still be heard.

Father J. Joly, O.M.I.  
St. Albert.

### Reduce the percentage

May I respectfully correct Mr. D. J. LaBelle's letter (Gazette, Sept. 24, 1975). The correct percentage should be 99.8.

I don't want to receive the new hand-out either.

G. A. Peters,  
N. Sturgeon.

# Phone company planning massive changes

Residents in St. Albert will soon have faster, more economical and convenient telephone service, when Alberta Government Telephones opens a "phoneCentre" in Grandin Shoppers Mall in

January, 1976.

It will be located beside Stretch Couture Fabrics on the upper portion of the mall extension beside Churchill Avenue.

Appointments with the telephone company will no

phones installed, exchanged or repaired by servicemen. At the phoneCentre all these services are available and, at the customer's convenience can be "carried out" immediately because telephones will be portable. Payment of accounts are also accepted in longer be necessary to have

the phoneCentre, whether or not a customer lives in the phoneCentre area.

Cost savings for the customer are reflected in phoneCentre charges: \$8 versus \$10 for initial telephone service and \$3 instead of \$10 for exchanging a model. A \$3 credit will be applied to an

account when phones are returned to the phoneCentre on termination of service. Phones and extensions will continue to be rented according to regular monthly rates.

AGT plans a massive conversion program beginning in mid-October to provide all households in St. Albert with special phoneCentre jacks to accommodate portable phones. All existing telephone outlets will be converted to phoneCentre jacks at no charge. In addition AGT will install jacks in as many as four (4) convenient locations in the

home without charge, it placed during the first visit. There will be no charge for phoneCentre jacks.

phoneCentre information brochures will be delivered and after October 1, AGT representatives will visit each house in St. Albert to assist with the selection of phoneCentre jack locations. Currently installation of phoneCentre jacks on multi-party and business lines is not available.

St. Albert will be the fourth area in Alberta to have a phoneCentre, after Calgary, Sherwood Park and Red Deer.

## Senior citizens housing petition

A petition is being organized for presentation to the Premier of Alberta urging that immediate consideration be given to the provision of "housing" for our senior citizens.

An application for accommodation has already been sent by the Town to the Alberta Housing Corporation but it is important that it be made known that this application has the support of everyone in St. Albert.

You can sign the petition at a table which will be set up in Grandin Shoppers' Mall (opposite Camelot Ice Cream) on the following Fridays and Saturdays: October 3, 4, 10, 11, 17 and 18, approximately during the hours from 3 - 9 p.m. on Fridays and from 11 a.m. - 6 p.m. on Saturdays.

Watch for the table. It will be "manned" by senior citizens who are very anxious that this petition contains as many signatures as possible. So shoppers, don't walk past the petition - put down your parcels and SIGN: it won't take a minute.

Individual letters to the Premier should also be written to Premier Lougheed at the Legislative Building. Let the Provincial Government know that St. Albert is behind its senior citizens one hundred per cent.

**EDITOR'S NOTE:** St. Albert does not have an application in to the provincial government for senior accommodation - because such application must specify a municipal site which the town does not have as yet. Council has only submitted a letter of

intent to the provincial government. The need has already been established by the senior's petition and no further evidence is required in this area. An application with firm site is all that is

required now. If St. Albert council is behind the senior citizens 100% let them come up with a site for their lodge, which is the responsibility of the municipal government in this matter.

## Buy your next Ford from a neighbor and SAVE!

Your neighbors in St. Albert are your Ford sales representatives at Healy Ford Center. And when it comes to making deals on a Ford car or truck... well, they're downright neighborly.

## Chamber talent show is on go

At a recent meeting of the executive of the St. Albert Chamber of Commerce the green light was given for an amateur talent show November 14 at 8 p.m. in the St. Albert Community Hall.

This will be the first time the St. Albert and District Chamber of Commerce has sponsored such an event in the community.

Behind the project is Frank Scott, the manager of Scott Rentals. He brought up the idea for the talent show, "where there would be fun for the kids and money for the Chamber" at the August 13 regular meeting of the Chamber.

## How to avoid a real "Pain in the neck"

Whiplashes, despite all the kidding about exaggerated legal claims, are no joke.

Discomfort from this type of automobile injury can be severe and long-lasting enough to rattle your nerves as well as result in sore neck and back muscles.

When you are riding in the front seat of a car with an adjustable head restraint, the Alberta Motor Association urges you to make certain it is positioned properly.

The device, says the AMA, was specifically designed to prevent whiplashes by absorbing the shock of a rear-end collision and keeping the head and neck from snapping backward over the seat top. But in order to perform this function, AMA points out that head restraints must be adjusted so

in the form of four shows with three categories of top vocalist, top musician and top entertainer (dancing, acting).

The winners of the first three shows would compete in the last show as finalists.

Because the show is basically for amateurs, Mr. Scott would like anyone who feels they have talent as an entertainer to phone him at 458-2929 or phone the president of the Chamber, Garry Hodgins at 458-2200.

There will be trophies and prizes for those who excel in the show.

Mr. Scott puts a deadline for entries at a week before the show so that schedules can be regulated.

they are high enough to make contact with the back of the head -- not with the base of the skull.

In the event of even a minor rear-end collision, failure to make this correct adjustment could cause serious injury, especially to an older person.

Studies of head restraint use conducted during the past five years, according to the AMA, show that the devices were improperly positioned on 70 to 85% of the cars equipped with them. Most were left in the "down" position.

The AMA says that if your car has a fixed head restraint there's no problem, since this type of device is designed to accommodate the vast majority of car occupants. Extremely tall individuals are the only exceptions.

The 1976s are on their way. We must CLEAR THE TRACKS OF 75s TO MAKE ROOM.

## OVER 400 1975 FORD CARS AND TRUCKS PRICED TO CLEAR.

See Denis Laurin, Al Knight or Howie McMARTIN this week and clean up on '75 savings!

# Large audience for Guide award ceremony

GUIDES FROM the Tamarac area had the time of their lives Sunday afternoon when they were presented with a top guiding award, the Canada Cord from the Lt. Governor of Alberta Ralph Steinhauer. Cords were presented in the sanctuary of the St. Albert Roman Catholic Church.

An audience of about 150 parents and friends took in a Canada Cord ceremony last Sunday afternoon at the St. Albert Roman Catholic Church.

They watched as 74 girl guides from the Tamarac area received the country's top guiding award from the Lieutenant Governor of Alberta Ralph Steinhauer.

The girls represented guiding companies from Slave Lake, Westlock, Onoway, Spruce Grove, Alberta Beach, Gibbons, Bon Accord and St. Albert.

Among the dignitaries were Mrs. R. Steinhauer, Mayor of St. Albert Dick Plain, Rev. Father Al Roy, and from the provincial council of the Girl Guides of Canada, Mrs. Ethel Tyler.

Tamarac Area Commissioner Mrs. W. O'Hara welcomed everyone to the ceremony.

Before presenting Canada Cord certificates Lt. Governor Steinhauer told the Guides he hoped that they would be endowed with the same kind of spirit "as your forefathers when they came to this continent."

Referring indirectly to International Women's year, he said that it takes a man and a woman to make a great world and asked the girls to keep their bright star shining in the future.

He knew that the girls had been looking forward to this day for a long time and pointed out that the guides had been preparing themselves for the type of citizen this country is endowed with. They could be the guiding lights of the communities they lived in he said.

Mrs. Tyler saw the Canada Cord presentation as the highlight of the girls guiding years and added that the girls could not have done it without the help of their parents.

Guiding was about concern for one's fellows, she said

and she hoped the day would help them remember these fundamentals.

Guide Lynda Garret of the 2nd St. Albert Company one of the Canada Cord winners, thanked the community for supporting fund raising projects and their leaders for helping them at meetings.

She pointed out that guides had to live by the guide laws like you live by the Ten Commandments. She added that over several years guiding, camping stood out as the highlight; it was challenging and the most fun.

She joked: "How many of us forgot our names with 'Halt, who goes there?'"

Mayor Dick Plain welcomed everyone to St. Albert and said that guiding helped the girls meet the challenges of leadership which today was a scarce quality amid the complexities of our society.

Rev. Al Roy recalled the old St. Albert and said that the Guides movement had the same qualities as shown by Father Lacombe; he showed no discrimination to anyone and set the keynote for St. Albert's future reputation for openness.

Following the ceremony a reception was held for all who attended, in the basement of the Catholic Church.

Canada Cord certificate recipients: Sherry Albrecht, Sandra Archer, Miriam Beaudoin, Laura Boisvert, Marlon Bon, Debbie Branting, Margerite Crooks, Elaine Dohie, Mardelle Dorrin, Terry Ann Dumelle, Caryn Duncan, Laureen Eben, Bonnie Engel, Kathy Engel, Melanie Erickson, Victoria Erickson, Louise Esslinger, Linda Felske, Shelley Ferguson, Barbara Frith, Gail Froese, Carole Gabel, Diane Garrett, Lynda Garrett, Loretta Gerow, Joanne Harvey, Carole Hawkins, Christine Jackson, Marilyn Joly, Sherry Kane, Janet Kay, Marilyn Kelly, Valerie Kelly, Michelle Lam-

oureux, Judy Lampkin, Sandra Lane, Corinne Leitch, Linda Leitch, Darcey Mabbitt, Lianne Madson, Gayle Mauer, Debbie May, Joanne McDonald, Laurel McInchuk, Gail Miller, Katherine Morrill, Marie Morrill, Fern Nelson, Deborah O'Connor, Kathy Parry, Delores Patterson, Shelly Gaye Proctor, Lorna Radke, Laura Roach, Diane Schubert, Carolyn Seitz, Patsy Sexty, Cindy Smith, Rhonda Smith, Marie Louise Sorenson, Maureen Sproule, Heather Sturges, Ellen Telfer, Jean Telfer, Kathleen Telfer, Glenda Thrussell, Elizabeth Van Bui, Marian Van Bui, Aimee Wallenberg, Debra Williams, Kathy Wood, Sherry Wood, Sandra Yeats and Heather York. Organist was Tim Whittle.

## Opera Guild fashion show

Be among the first to see the new season's fashions. The Edmonton Opera Guild is presenting "Prelude to Fashion '75" at the Edmonton Plaza Hotel on Monday, October 6.

There is a choice of two shows, one at 2 p.m. and one at 8:30 p.m. Tickets are priced at \$2 for the early show and \$3 for the late show.

Fashions by Holt Renfrew will be shown by Julliard Models. Exciting new jewelry by Jason Goldsmith will be on display and there will be flower arrangements by Ramsay's Flowers Ltd. Music will be provided by Henry Farmer.

There are many fantastic door prizes to be won, so plan to attend. Tickets can be obtained by phoning Jane Leggett 459-8802; Stretch Couture 426-3445; Stretch Couture, Rae's Beauty Salon or the Opera Box Office 423-4919.

# Taylor-Langevin Wedding

St. Albert Catholic Parish was the scene for the afternoon wedding on August 23, 1975 uniting Miss Rena Caroline Rose Taylor and Mr. Robert Charles Langevin.

Father Jacob Joly, assisted by Father Tetreault, performed the double ring ceremony. The church was decorated with arrangements of gladiolus, daisies and carnations.

Rena is the niece of Mr.

and Mrs. Bruce Eaton of St. Albert and Robert is the son of Mr. and Mrs. Joseph Langevin also of St. Albert. As the bride entered the church the organist, Mrs. Kennedy played "Morning Has Broken." During the ceremony Rick Williams sang "The Wedding Prayer" "The Lord's Prayer" and as the register was signed he sang "We've only just begun." The bridal couple were piped out of the church by Doug McKay.

Given in marriage by her uncle, the bride looked beautiful in her spanish-style tiered wedding gown and veil (made by the bride's aunt). She carried a bouquet of white roses, daisies, pink carnations and baby's breath.

Attending the bride was her cousin Mrs. Barbara Nielson, and friends Mrs. Nola Buckley, Miss Francine

Bergevin and Miss Janet Beck. Miss Dawn Hunter, the bride's sister, was junior bridesmaid. The bridesmaids wore identical empire waisted gowns with butterfly sleeves and rounded necks. The gowns were in graduated shades of pink. The junior bridesmaid wore an identical white dress with a dark pink velvet ribbon around the waist. Their bouquets were white daisies, pink carnations, and baby's breath.

The groom's attendants were his best man Mr. Gerald Longpre, his brother Mr. Gerald Langevin and friends Mr. Ray Poulin and Mr. Dan Huot. Ushers were Mr. Alphonse Douzich and Mr. John Kluthe.

For her niece's wedding the bride's aunt wore a beautiful beige sleeveless gown with jacket, complemented by an orchid which she wore in her hair. The bride's mother, Mrs. R. Hunter, wore a gorgeous coral colored sleeveless gown with jacket, complemented by her orchid corsage. The groom's mother chose a beautiful pale green sleeveless gown with jacket, highlighted by her orchid corsage.

The wedding cake was made by the groom's mother and beautifully decorated with Alberta roses by the groom's aunt Sister Rose Mary Detling.

Following the wedding (after the groom got out of the ball and chain made for him by Mr. Jerry Leblanc) a reception and dance was held at the Mayfield Inn. Mr. Fred Hoeber, long-time cohort and friend of the groom, was a super master of ceremonies. Mr. Bruce Eaton gave the toast to the bride. Mr. Gerald Longpre replied with a toast to the bridesmaids by going up to the microphone and saying "I am here to accept this academy award . . . oop! Wrong place!"

Special guests were Mrs. R. Hunter, the bride's mother; Sister Rose, Miss Geri Butchart, the bride's cousin; Miss Geraldine Grout, Miss Lisa and Mr. Don Walters, all from Vancouver; and Mrs. Langevin from Lac La Biche, the groom's grandmother.

Mr. and Mrs. Robert Langevin are making their home in Edmonton while going to university.

MR. & MRS. ROBERT LANGEVIN

## Balmoral Lodge

BALMORAL LODGE NO. 185 A.F. & A.M. MEETS UNITED CHURCH HALL, 1st and 3rd WEDNESDAY EACH MONTH.

## CARD of THANKS

We wish to express special thanks to Dr. G. Evenson who officiated in the funeral services for our beloved husband and father who passed away September 11, to friends of St. Albert Evangelical Lutheran Church, soloist and director Mr. Jack Harstone, male chorus, Ladies Aid and friends and relatives for flowers and donations and cards given in expression of sympathy.

THE LINDBECK FAMILY.

## Educational tour to Middle East

Trustees of the St. Albert Catholic School District No. 3 gave approval for one teacher and 17 high school students to take part in an educational cruise at the regular board meeting on Monday, September 22.

The educational cruise is arranged by Newworld Educational Cruises Inc. of Montreal and this particular voyage is a Levantine cruise on board the P & O (Peninsular and Oriental) liner, S.S. Uganda.

The journey starts with a British Caledonian flight from Edmonton to London where the students will stay overnight. They then fly to Athens where they board the ship.

From Athens, the students will be taken to Egypt, visiting the ports of Alexandria and Port Said and taking a side trip overland to Cairo. The next port of call is Beirut where they will visit Baalbek. An optional overland bus tour through Syria and Jordan is available which rejoins the main group at Haifa. From Haifa, the travellers will journey to Jerusalem. Back on the ship, the students will return to Athens via Santorini. At Athens the sea voyage ends and the party departs by air to London again and then back to Edmonton.

The trip takes 16 days in all and it commences on December 5th.

## Country sounds are lucky!

**\* WIN FROM \$50 TO \$1,000 BONUS CASH ON COUNTRY MUSIC CASH CALL!**

Starting on Monday, September 29th, every correct answer wins the Country Music Cash Call PLUS a bonus award of \$50, \$100, \$250, \$500 or a \$1,000! Just listen to Radio 790 for details on how Country Sounds can be lucky for you!

**\* REQUEST YOUR FAVORITE SOUNDS**

From Monday to Friday, join Bev Munro, from 9 till 11 - the morning, and Hank Secord, from 3 to 5 in the afternoon. Just give them a call and they'll play your favorite sound from CFCW's million dollar library of country music. Phone number: 429-3609 in Edmonton; 672-4130 in rural areas.

**\* CFCW CALENDAR HOLDERS CAN WIN WHEELS!**

Your 1975 CFCW Calendar could win you a prize! Bonus weeks start September 29th - so keep your Calendar handy. If we call your number, you win!

We'll also be awarding our major prize of the year - your choice of a 1975 Chevy Nova or Chev Half-Ton!

Just make sure you listen to Radio 790 between 7 A.M. and 7 P.M. Monday through Friday - because there's a prize awarded daily starting September 29th. And starting October 20th, there'll be a prize awarded every hour.

**\* WIN GAS. 1000 GALLONS. CFCW!**

During the month of October, we're giving away 1,000 gallons of gasoline to CFCW listeners! Just fill out the coupon, send it in to CFCW Radio and listen for us to call your name. Starting October 6th, we'll draw names from our contest mail and announce them during Hank Secord's Country Roads Show, 3 P.M. to 7 P.M. daily.

If you hear your name, you have 10 minutes to call CFCW to win 100 Gallons of Gas.

# Pace of medicine headache for Sturgeon Hospital District

The fast pace of developments in modern medical techniques and how these can cause problems for local hospital boards came up at the regular meeting of Sturgeon Hospital District #100 last Wednesday night (September 24).

Chief of Staff Dr. F. M. Fairfield in his report to the board said there were a number of new programs on the books and "some (staff) want them to be performed - this is modern medicine and you can't escape it."

"What hoops do you have to jump through to get

gastroscopies performed in this hospital?" he asked, as the board thought deeply over how it should deal with the pressures caused when new medical staff members come in with advanced techniques, which have not been vetted by the Alberta Hospital Services Commission.

Chairman of the Board John de Bruijn, referring to a rare case of treatment in hyper-alimentation (when a patient cannot be fed through the mouth) said that the controls of the AHSC prevent any form of experimentation with patients.

In the case referred to Dr. Fairfield made it clear that staff should be made aware that there were restraints on the board imposed by the Commission.

And as Mr. de Bruijn put it, "we could be shot down by the AHSC without their approval for this type of program." The Board's neck would be out that far, he added.

A rare form of treatment is employed in hyperalimentionation and can cost up to \$100 a day for the fluids alone. While the board had not yet solved the problem of the introduction of new programs, it was usual at the

Sturgeon hospital to transfer patients to other hospitals for hyperalimentionation.

However, medical staff at the Sturgeon General Hospital have been working all summer long on what components should be included in any program extensions. These would include the introduction of colonoscopies, gastroscopies and possibly hyper-alimentary treatment, as well as better day care and diagnostic facilities in the expansion of the out-patients department.

The final draft of the expansion program at the Sturgeon General Hospital is expected to be finalized next week but it remains to be seen just how long it will take the AHSC to approve it.

After mention had been made of the huge expenses involved in bringing in a hyperalimentionation program and the problem of reimbursement, Chairman John

de Bruijn said that the increasing cost of health care would mean we were looking at the end of "global budgeting" in the health service.

Mr. de Bruijn also felt that it was time for staff at the hospital to realize that ultimately all policy changes were made by the Board and not the administration.

An annual meeting of medical staff with the Chairman of the Board would also be in order, Mr. de Bruijn said.

IN OTHER HOSPITAL BOARD business, the Board made it known that it wanted the problem of medical staff keeping their charts up to date solved by October 31. Mr. de Bruijn felt that the board had been five years patient with this one, and it had to be resolved as the problem had got beyond a joke.

## Safety council seeks greater participation

At the St. Albert Safety Council meeting held on Thursday, September 25, items under discussion were Block Parents, the social services show and defensive driving.

A glorious total of 10 persons were present at the Block Parents meeting held on Tuesday, September 23 -- and of these, three were safety council members. It would seem that St. Albert parents have not yet been made aware of the very real need for an extension of this program. More Block Parents

are needed in all areas of St. Albert, and although a few applications have come in as a result of the literature given out to the school children, these are not nearly enough.

Information may be obtained by phoning Lawrence Johnson at 459-7442.

Another meeting will be scheduled in November and an attempt made to get information to a greater number of residents, since it may be that the advertising this time was not comprehensive enough.

Some initial planning was done on the format of the Safety Council booth for the social services show to be held in November.

Defensive driving courses are recommended -- the first to start on Tuesday, October 7. There are four two-hour sessions on successive Tuesdays and the fee for the course is \$12.00.

The first course will be

held in Room 105, Paul Kane High School, starting at 7 p.m. Registration will take place at the first session on October 7. For information phone Stan Mill at 459-4626.

Since several key members could not be present at this meeting, no further business could be discussed.

More new members are still needed if the St. Albert Safety Council is to continue as an effective agency for the promotion of safety measures as need arises in our town. The next meeting will be on Thursday, October 9 at Robert Rundle School at 8 p.m.

Safety in the home, in the playground, on the streets -- is our aim. Has your furnace been checked ready for winter?

Is your car ready for that sudden change in temperature?

Are YOU ready for the different driving conditions that will soon be upon us?

## AROUND TOWN

Winners in a recent lottery held by the St. Albert Royal Canadian Legion Branch #271 are L. K. Sutton of Sherwood Park (1st prize) and Shayne Berthiaume of St. Albert (2nd prize).

## THE STORY OF

# "THE SPINNING WHEEL"

### THE CURSE OF THE SPINNING WHEEL

Once upon a time, 106 generations ago to be exact, Grandmother Bedila opened a shop called The Spinning Wheel in the land of Dreams Come True.

However she was forced to go out of business, when the king had all the spinning wheels in the country destroyed. This being after the birth of his daughter named Homly Butnice, who later became known to us all as Sleeping Beauty as a consequence of threats by the wicked fairy, whose name was never published.

Grandma's very own spinning wheel had not been destroyed, purely a result of government inefficiency, and she had unknowingly sold it to the wicked fairy who had come to her disguised as a Kiwanis clown, selling apples. After all Grandma still had her overhead to pay.

After that no one ever knew what became of Grandma Bedila, but rumor has it that Prince Charming later discovered where the spinning wheel had come from, and made sure through his connections, that she never got another business license.

The spinning wheel itself, which was returned, for full refund of course, remained in the family and was handed down from generation to generation. With everyone cautioned to use it at their own risk, as there is a distinct shortage of Prince Charmings.

And so years later after the Sleeping Beauty incident another relative opened a shop, under the name, The Spinning Wheel. Unfortunately due to various financial setbacks the family now resided in Transylvania. Business was very slow, so they went to town council to get a permit to have Thursday and Friday nights late shopping. Their request was finally pushed through council, with the help of a well known dignitary, Count Dracula. They were then allowed to remain open, but at their own risk of course.

Trade was very brisk after dark, the most popular item being woven neck wear, designed to cover puncture marks.

Unfortunately they had a lot of high overhead bringing in silver bullets and wolf balm for sale during the day, and toothfiles, heavy black cloaks and mouthwash for resident vampires who frequented the shop at night.

The store was finally making enough to start paying off the bank loans, even though the local collection agency wasn't taking any action against vampires with overdue accounts.

Things were going well, that was until the postal strike, anyway. It seems the post office had a lot of horses who were holding out for extra hay. Anyway they ran out of silver bullets and wolfbalm and there was

a lot of neck biting over the lack of supplies.

And this is when it happened, one night long after closing time, Cousin Marie was alone in the shop, when

out from behind the boiler in the corner stepped the headless horseman. There he stood with his head tied to his belt by his mustache, which naturally made talking very difficult for him. Cousin Marie became noticeably upset, but the horseman didn't seem to notice that service was poor. After looking around the shop he asked if she had a fine needle and a spool of catgut. But like I said the postal strike had left things in short supply.

It was then Marie remembered the enchanted Sleeping Beauty spinning wheel, and offered to make up a head holder, but alas, there was no wool, the sheep were on strike to support the postal horses, and would not allow themselves to be fleeced. So using as little ingenuity and a bit of petroleum product from her lantern, she sat down and spun the first polyester thread. Through the long night she spun as the horseman looked on biting his fingernails, in great anticipation. Luckily their supply of coffins had not dwindled to drastically and as the sun rose, the horseman went to bed in one, Marie only hoped that the undertaker's union would not find out, as they were quite adamant about the proper use of coffins, and no one wanted an undertaker's strike, particularly in Transylvania. The next night, with a borrowed needle and her new polyester thread, Marie sewed the head to the neck and sent the horseman on his way. Well that was the end of it, for Cousin Marie anyway.

Generations of the family continued to open wool shops under the name The Spinning Wheel and the enchanted spinning wheel was passed down from generation to generation and every hundred years the horseman would show up to have his head re-attached.

Well now the family is very sparse and I am the only surviving relative.

Several months ago I received from Europe the enchanted spinning wheel, this being the 100th year since the last head sewing episode. With the spinning wheel came the warning of terrible things to come, if there was no relative with this wheel in a shop called The Spinning Wheel, ready to greet the horseman.

So, this is the year we open, and if you see the lights burning late at night, you'll know I am, their, waiting, watching, listening.

# Ingrid's Beauty Salon opens - Sturgeon Plaza

Recently opened on the Sturgeon Shoppers Plaza, Ingrid's Beauty Salon exudes a warm, friendly and relaxing atmosphere. Owner/operator, Ingrid Markwort, is a familiar figure in St. Albert having worked in the Grand-in Beauty Parlor for the past seven years. Ingrid's exper-

ience in hairdressing, in fact, goes back much further than this.

She trained in Berlin, spent a few years in England and arrived in Canada in 1952. Ingrid became a citizen of this country in 1958. On arrival in Edmonton, she worked one year with East-

on's and 10 years with Nels Todd. While working with Mr. Todd, she spent summers hairdressing at Jasper Park Lodge. In 1961, Ingrid moved to St. Albert with her husband and daughter.

Another familiar face at Ingrid's is Monika Mikitka. Many older residents of St.

Albert will remember Monika when she first arrived from Germany, unable to speak English, but great with a comb and scissors. Monika also trained in Germany and she is very proud of the fact that in her second year of training she won a much coveted trophy. She also won a trophy from the Hairdressers Association in Edmonton in 1972. One more for a hat trick, Monika!

Monika arrived in Canada in 1967. She and her husband Walter have lived in St. Albert for the past four and a half years. She enjoys working on long hair and wigs and is grateful to her clients who have shown loyalty to her.

A relative newcomer to St. Albert is Maren Corner. She, her husband Ray and their two children arrived in St. Albert in 1974. Maren has several years of experience and has worked in England, Germany and Scotland. Maren is originally from Del-mold Germany where she met and married Ray who was serving with the British Army at the time.

Last but not least of the operators is Ute Doehring. Ute has 11 years experience. She worked in Edmonton at Kurts for six years and at that time Kurts was the only outlet in Western Canada which made wigs and toupees. Needless to say, Ute has tremendous experience with wigs. She also worked for several years at the European Hairstylists Shop. Ute, husband Dieter and their two boys have lived in St. Albert for the past four years.

All the girls at Ingrid's take pride in making you look

great and look forward to meeting customers old and new at the Sturgeon Shoppers Plaza.

## St. Albert couple goglobe trotting

Lynn and Larry-Smith of St. Albert are taking the time to do something that most of us dream about but seldom get around to doing. On October 3 they will embark on an exciting overseas tour which will take them through parts of Europe, the Middle East and East Africa. The tour, while not strictly scheduled, will last about six months and the couple expect to return to Alberta in early May.

The first leg of the journey

will be a flight to London, England, where they will purchase a vehicle which will be their main transportation for much of the trip.

The Smiths plan to visit parts of Europe and then on to Turkey and Iran where they will visit Larry's sister and brother-in-law, Mr. and Mrs. Frank Dooley. Frank works for Philco Ford in that country.

The couple will make a pilgrimage to Haifa and from there they travel to several

parts of Saudi Arabia. Then across the Indian Ocean to East Africa where they will visit the cities of Mombasa and Nairobi in Kenya. They hope to call on as many Bahai communities as possible throughout the journey.

No doubt friends and neighbours will envy them for missing the winter months which we, who stay at home, are shortly about to receive. At the same time we know that they will also wish the couple bon voyage and a safe journey home.

## Bankman honored

Mr. Alex Tauber, Scotia Plan loans officer at the Bank of Nova Scotia, St. Albert Branch, was honoured at a special banquet held at the Edmonton Plaza Hotel, Thursday, September 25.

With approximately 500 people in attendance the institute of Canadian Bankers presented Mr. Tauber with a cash award for

achieving an "honours" standing in courses taken at the University of Alberta Department of Extension.

Courses taken included Business Communications, Economics, Financial Accounting and Taxation. Only one other banker received the same award.

The Institute of Canadian Bankers is an organization

formed in 1967 to train bankers in managerial responsibilities. Mr. Tauber has been with the Bank of Nova Scotia for five years, the past year being at the St. Albert Branch.

He just recently received a transfer and will be leaving shortly to take up his new duties at the Bank of Nova Scotia's regional office in Calgary.

# Nurses interest group meets

The St. Albert Nurses Interest Group met September 16 at the St. Albert Inn. Mrs. Marion Brostrom, supervisor of extended care for the Alberta Hospitals Services Commission, was guest speaker.

The Hospitals Services Commission defines extended care as treatment of illness which is neither an active nor acute episode. Mrs. Brostrom pointed out the irony in the present situation that in active treatment hospitals, patients are required to be passive;

their care is planned for them to fit into the hospital routine. This leaves the "activating" of the patient to the extended care facilities.

Extended care should provide not only the physical but the mental and social needs of the patient so they reach their potential health. Nursing care plans must be made on the basis of the individual patient to provide for all his needs. As nurses, we must be aware that the patient is a person and not just a body. By meeting the social and mental needs, of

the patient, he can be "re-activated" to regain an interest in life, that he has a contribution to make and re-affirm his belief in his self worth.

She mentioned that be-

cause of our society's structure (nuclear family lifestyle), that people are often placed in the extended care facilities when they could really be cared for at home. Home care would be feasible

provided supportive measures were available to the family and the patient by utilizing other community services (eg. home nursing visits).

Mrs. Brostrom stated that

the nurses working in this area have raised the standard of care to the present level by insisting on good nursing practise based on the nursing ethic.

The next meeting will be held on October 21 at the St. Albert Inn at 7 p.m. (8 p.m. for the guest speaker). Mrs. Evelyn Switzer will discuss the research program at the Misericordia Hospital. All nurses who are interested in attending the dinner meeting are requested to phone Anna Mae Maruyama at 459-3484 before October 17.

ALL ACROSS EDMONTON and St. Albert you could get a Kiwanis apple from a clown such as this one in the Grandin Shoppers Mall last Saturday morning. Proceeds of the Apple Drive went to charity.

## Sabotage of student teachers worries

School trustees throughout Alberta are looking with amazement at the attitude of Alberta teachers insofar as treatment of student teachers is concerned, according to Art Bunney ASTA president.

The action of the Alberta Teachers' Association in recommending Edmonton and other teachers to sabotage the student teacher classroom training process is unheard of from people who profess professional status, he said.

The ATA is recommending that unless "release time" or compensating time is provided practising teachers, they refuse to accept student teachers in their classrooms.

Involved in the dispute are the universities, the department of education, the

department of advanced education, the ATA, and the school trustees of Alberta.

Teachers have taken the attitude that unless funds are provided to provide extra teacher income for the time spent assisting the student teachers, they won't participate.

"I don't know where the

"professionalism" of teachers really lies," said Mr. Bunney "On the other hand, with this approach to their future colleagues, trustees certainly know where the unionism of teachers lies," he added.

Mr. Bunney has recommended a mature approach to this problem through joint discussion by all concerned.

"Strive as much as possible to become proficient in the science of agriculture for in accordance with the divine teachings, the acquisition of sciences and the perfection of arts are considered as acts of worship. If a man engages with all his power in the acquisition of a science or the perfection of an art, it is as if he has been worshipping God in the churches and temples."

## Less students in District 3

The board of the St. Albert Catholic School District 3 were surprised at the net increase in student enrolment at schools in the district. At the meeting on Monday, September 27, the superintendent revealed that the increase totals a mere 16 students. This unexpectedly low figure is well below the increase the district had anticipated in view of the continuing growth of the town. No reason for this small increase was given.

### OFFICIAL OPENING OF NEW SCHOOL

At the meeting, proposed details for the official opening of the new Vincent J. Maloney School were given. The opening is planned for the evening of Wednesday, October 22 with Mr. J. Kaminski acting in the role of master of ceremonies. Members of the board, senior district administrative staff, and Father Joly will be present. The MLA and the

mayor of St. Albert will also be invited to take part in the ceremony.

### BOARD HEARS FILM LIBRARY PROPOSAL

The supervisor of the Instructional Materials Centre, Mr. R. Chaput, advised the trustees that the Audio Visual Services Board (A.V.S.B.) of the Department of Education is proposing to decentralize film services in Alberta with a regional film

libraries. Presently, all films and materials are distributed directly from the A.V.S.B. offices in Edmonton.

Improved film service and better selection of films available at the local level are expected to come about as a result of the decentralization.

District No. 3 would be within the Yellowhead Regional Library if it decides to participate. It could expect a weekly delivery of films and would send one member to represent it on a film selection committee. The film division of the Yellowhead Regional Library will be completely self supporting and funds from participating bodies will cover all costs including administration and physical utilities. The book division would not receive any subsidization from the film division. Capital cost, which includes building, renovating and equipment, will be paid from an initial \$100,000 grant from the government and replacement

and purchase of new films would be covered by an annual grant of \$15,000.

Mr. Chaput gave the board a proposed operating budget for the first year showing a total cost of nearly \$38,000 and he answered numerous questions from trustees.

The board accepted the presentation for information purposes and requested Mr. Chaput to return to the board with a draft contract for consideration.

## Local schools do well in cross-country races

Vital Grandin School won the Elementary School Division and V. J. Maloney School captured the Junior High title in the St. Albert Cross-Country running meet, Monday, September 29 at

Mayfair Park.

In winning the Park Lighting and Electrical Supply Trophy, Vital Grandin gained a total of 70 points and were closely followed by Albert Lacombe with 57 points. Sir

George Simpson with 31 points, Father Jan with 23 points and Leo Nickerson with 11 points.

V. J. Maloney won the ATA Trophy by a narrow 10 point margin. Final results

showed V. J. Maloney - 83 points, Sir George Simpson - 73 points and Lorne Atkins - 35 points.

The meet was held at Mayfair Park in order to give St. Albert students a chance

to run the same courses that many will run on Saturday, October 4 when the 14th Annual C.A.H.P.E.R. Cross Country is held at Mayfair. In the past, many St. Albert students have raced in the C.A.H.P.E.R. meet which is held for all students in Northern Alberta. This year there is an Elementary School Division at CAHPER and St. Albert schools may well stand a good chance to win the school trophy.

First place finishers on Monday were: Shayne Vandestine (V.G.) 9 yr. old boys; Mary Towre (V.G.) 9 yr. old girls; Marty Hoffart (Father Jan) 10 yr. old boys; Gwen Bauer (Sir George Simpson) 10 yr. old girls; David Hoffart (Father Jan) 11 yr. old boys; Leanne Wilson (Sir George Simpson) 11 yr. old girls; Mike Murphy (V. J. Maloney) 12 yr. old boys; Carolyn Wilhelm (Sir George Simpson) 13 yr. old girls; Keith Heyburn (Sir George Simpson) 13 yr. old boys; Joanne Gagnon (V. J. Maloney) 13 yr. old girls; Harold Brubaker (Lorne Atkins) 14 yr. old boys; Nancy Thibert (Sir George Simpson) 14 yr. old girls.

## St. Albert High News

Another busy week has passed at St. Albert High. On Friday, Rob Christie and Captain Midnight from CHED came to give us a super sock-hop lasting an hour. They gave away a lot of free albums during that hour to those who danced. There will be another sock-hop in April.

On Sunday, September 28, a team of four St. Albert High School students went to the CBC studio in Edmonton to play Ross Sheppard High School on "Reach for the Top." Even though the team lost, they put out a good effort.

Cross-Country is well underway. The first meet is the CAHPER on Saturday, October 4.

The volleyball teams have also been hard at work, with many practices and workshops. Their first games were last night (Tuesday - 30th) and tonight (October 1st). The cheerleaders try-outs have been held.

The Yearbook Club has had a few meetings so far. They have entered a yearbook competition and are planning a workshop with a company representative in order to better compete.

St. Albert High School local Ski Club, too is already organized for four trips to Lake Eden that are booked for this winter.

Pitch is hard at work, practicing for their first concert on October 12 at

Father Jan, for Grades 1-6.

Next week promises to be busy again. Dance Club is starting its first four week session, and the monthly school assembly on Thursday during which an H.C.V. slide presentation will be shown.

## Leo Nickerson News

The volleyball teams have also been hard at work, with many practices and workshops. Their first games were last night (Tuesday - 30th) and tonight (October 1st). The cheerleaders try-outs have been held.

The Yearbook Club has had a few meetings so far. They have entered a yearbook competition and are planning a workshop with a company representative in order to better compete.

Principal Frank Carnahan introduced the teaching and administrative staff who would be running the school this year and parents were given the opportunity to meet them on an informal basis. Teachers and students are still getting to know each other at this stage in the new term and in-depth parent-teacher interviews could not therefore take place.

## Thais study District 6

The Protestant Separate School District No. 6 will host two administrators from Thailand for an eight week period during the 1975-76 school year.

The administrators, a principal and vice principal, will be studying administrative practices and relationships in the school as a whole in comprehensive secondary schools.

The visit is arranged by the Department of Educational Administration of the University of Alberta and a very detailed and comprehensive program is planned for the visitors.

# Local high school students could be in the money

Local high school students could win as much as \$1,000 in this year's "Permanent" Student Writing Contest.

This is the ninth consecutive writing contest for Canadian high school students, sponsored by the Permanent, which gives a total of \$6,000 in prize money. In addition to the \$1,000 Grand Prize, the top three entries in each province receive \$300, \$125 and

\$75 respectively. Special award certificates are also presented to all other entries that the judges consider of sufficiently high standard.

In the past, the contest has been judged by such eminent Canadian authors as W. O. Mitchell and Margaret Laurence and gives high school students an excellent chance to have their creative efforts appraised by successful writers.

The Permanent's \$1,000 award is considered to be one of the most prestigious literary awards available to student writers. Over the years, the contest has produced outstanding work and at the same time, has encouraged the development of Canadian writers.

The Permanent publishes all the provincial first prize winners in a book, which is then made available to high

school libraries and is also used by teachers in classroom instruction on creative writing.

Rules and regulations for the contest have been sent to the heads of English departments (and to equivalent department heads of French schools). Additional copies are available from the Permanent's branch offices across Canada, or from the Public Relations department,

Room #1501, 320 Bay Street, Toronto, Ontario, M5H 2P6. The contest is for the best 2,500 word creative writing composition on any subject in

English or French. The final date of submission of entries is December 31, 1975 and winners are advised by letter two months later.

## AGT area extended service delay likely

Alberta Government Telephones proposed area extended service may not begin November 1 as planned.

Once inaugurated the service will cancel out local long distance calls in favour of direct dialing.

A spokesman for AGT said Friday that strikes have caused some delay in obtaining automatic equipment. This will affect commencement of the service, and is causing complications, the spokesman added.

## Educational TV line

District No. 6 will participate in the Edmonton Educational Cable Consortium (Cable 13) for a trial period of three months and the benefits of the medium will be reviewed at the end of that time.

Following the demise of MEETA (Metropolitan Edmonton Educational Television) in 1974, plans for an educational Channel 13 under ACCESS were about to fold due to the non participation of the Edmonton Public School Board. A consortium was formed comprising representatives of the Edmonton Separate School System, Sherwood Park Separate Schools and the St. Albert Separate School District to keep alive the idea of an educational television channel.

Advantages in belonging to this consortium were thought to be as follows: greater compatibility of recorded tapes; involvement in the program; advantage of receiving information; method of communicating with parents; and, the amount of time already being used via media.

The cost to the district during the consortium's Phase One Period of Operation (from September to the end of December, 1975) will be 10 cents per student based on the district enrolment at September 30th. A wide variety of programs will be available to the district during this period of time. Trustee Don Munro moved to the board enter into the consortium on a trial basis and a report be presented at the end of December. The motion was carried.

## BIRTH ANNOUNCEMENT

COMMANDEUR · Ted and Pauline are proud to announce the birth of Jessica Jo, weighing in at 7 lbs. 10 ozs., a little sister for Dianne and Christine. Proud grandparents are Mr. and Mrs. John Lansink of St. Albert and Mr. and Mrs. John Commanneur of Holland.

Soccer playoff winners

League winners of the Pee wee A's were the "Navahoes." In the back row is John Findlay, Tony Hass, Robert Bremault and David LeBarron. In the front row is Todd Comoty, Darren Brown, Ted Dystra, James Kennedy and Peter Hass.

The Senior Girls playoff was won by the Jaguars. Front row, left to right are Joanne Gagnon, Janet Bodder, Julie Peate, Cathy McLoughlin, Janice Kelly and Wendy Osbourne. Back row is Janet Neesser, Hally Billingsley, Debbie Berg, Leah Greathhead, Betty-Ann Francine, Coach Tony Sockett, Heather McIntyre, Helen McCready and Kerry Tremper.

## from the Mayor's Office

The council has taken steps to safeguard our community by filing an annexation proposal which would (1) incorporate the Provincial Government's Greenbelt (Restricted Development areas) within the town's boundaries in order to provide a permanent separation between St. Albert and the City of Edmonton; and (2) provide St. Albert with a long run supply of industrial land which over future years would markedly reduce the burden of the property tax on St. Albert homeowners.

It is felt that this action will stop any future long run plans that the City of Edmonton has to annex portions or all of our community as well as to re-enforce the concept of a "greenbelt" underlying the Provincial Government's decision to establish a "Restricted Development Area" in the region. Recent correspondence with the Provincial Government has established the fact that the Government of Alberta has no policy regarding the annexation of the Greenbelt to a municipality and it is not opposed to the establishment of the RDA as a buffer zone between Edmonton and St. Albert. If the council's initiative in filing for this annexation is supported by the Local Authorities Board, the land use in the area controlled by St. Albert and the Province will serve a

permanent physical land barrier between the seventh and second largest urban areas in Alberta. In my opinion, this is essential if St. Albert is to continue to survive as a separate entity in the Edmonton Metropolitan Area.

The industrial land component of the annexation proposal is designed to shift a portion of the burden of property taxation from the residential to the industrial taxpayer. St. Albert has a residential versus an industrial/commercial split of 94 per cent vs. 6 per cent. This compares rather unfavourably to the following estimated residential vs. commercial/industrial splits:

- (a) Fort Saskatchewan 50-50.
- (b) Red Deer 64-36.
- (c) Grande Prairie 66-34.
- (d) Medicine Hat 69-31
- (e) Leduc 80-20.
- (f) Strathcona 35-65.

The council's proposal would provide St. Albert with sufficient industrial land over the next 20 years to bring our assessment and tax base into line with the situation existing in these communities. It is important to note that the proposed location of the major industrial parks is well removed from any of our residential areas. In effect, under the existing land use proposal, St. Albert residents will be able to enjoy the benefits derived from the location of well planned

industrial parks within the town's new corporate limits without impairing the quality of our residential life style in the community.

In closing, the St. Albert Town Council has acted on the advice of its consultants in filing an annexation proposal that contains well thought out provisions for meeting the demands for a permanent greenbelt and a strong economic base evidenced by the electorate over the course of the past two years. The proposal will be displayed for the consideration of the public prior to the holding of a referendum. The reason for the referendum is based on the council's belief that major long-run changes in the structure of St. Albert must be decided by all members of our community. The local government's role in this process has been to obtain the best possible advice that it can retain in formulating new long-run plans for the future development of the community. It is felt that the proposal is excellent; however, in the last analysis citizen opinions on major long-run planning matters can only be decided by the casting of votes in a ballot box. It is realized that this is a relatively expensive process; however, the long-run future of St. Albert depends on the rendering of a clear-cut resolution of this matter.

# Canadian Rodeo finals coming to coliseum

Take the best bucking stock in Canada, and some of the best in the world. Add the 10 best cowboys in each event, based on their performance over the season. For good measure put in some of the most experienced back of the chutes production people in rodeo. Top it all off by presenting the event in the finest sports building in Canada.

Put it all together and you

have a championship rodeo of a special kind. This is the second annual Canadian National Finals Rodeo, co-sponsored by the Canadian Rodeo Cowboys Association and the Edmonton Exhibition Association.

CNFR 11 will be held in the magnificent Edmonton Coliseum from November 12 through 16. There will be six performances; evenings on November 12, 13, 14 and 15

and afternoons on November 15 and 16.

A entire go-round will be completed at each performance in each of the nine events presented - saddle bronc, bareback, bull riding, calf roping, steer wrestling, novice saddle bronc, boys steer riding, ladies barrel racing and cattle cutting. And there will be no average paid in any of the events, meaning that the cowboys will be changing in each go-round. The total prize money of \$30,000 has been presented to CNFR 11 by GWG Ltd. of Edmonton.

The real excitement is that the CNFR is a sudden death finals, with the Canadian championship on the line in each event. The finalists do not carry their seasons earnings with them to the CNFR. But rather the championships are decided solely on their performance at the finals.

The selection of bucking stock for CNFR 11, which is done by rodeo cowboys, will be completed by September 15.

Tickets for CNFR 11, which are priced at \$4, \$5 and \$6 are now available from The Box Office, McCauley Plaza, Imperial Oil Building, Edmonton.

The current Canadian Finalist Standings, which determine the contestants at CNFR 11 are attached.

riedson, Calgary - 4,846. 5. John Gratton, Edmonton - 4,834. 6. Brian Claypool, Saskatoon - 4,320. 7. Francis Bourque, Marwayne - 3,355. 8. Mel Hyland, Surrey, B.C. - 3,218. 9. Wayne Vold, Calgary - 3,014. 10. Keith Gower, Edmonton - 3,009.

## Consumer affairs reports convictions

Consumer and Corporate Affairs Minister Andre Ouellet reported two Alberta firms being convicted for offenses under the Weights and Measures Act for the period from August 1974 to July of this year.

Pioneer Grain of Alberta was convicted of six counts giving "inaccurate scale" to their grain. They were fined a total of three thousand dollars.

McLor Holdings Ltd. of Edmonton was fined \$450 for "odometer tampering," otherwise known as turning the mileage meter on a vehicle back.

Richard Cautley, also of

Edmonton, was found guilty of two counts of fraud. Edmonton police said Cautley had both set mileage meters back and verbally misrepresented the correct mileage on the vehicles he was selling. He was fined \$350 and given on year probation.

## Twilight flash

The Midnight Twilight Tourist Association, Zone 14 of the Travel Industry Association of Alberta, will hold its annual convention October 18 and 19 in Athabasca.

## How do you feel about your community

Citizens of Edmonton and surrounding areas will get their chance to tell government how they feel about their community at a special meeting to be held in Inn On Whyte, 10620 - 82 Avenue, October 8, 2 - 5 p.m. and 7 - 10 p.m.

The meeting is one of a series being held across Canada by Canadian National Committee for Habitat - United Nations Conference on Human Settlements which will be held in Vancouver May 31 - June 11, 1976.

Human settlements include everything from the simplest cluster of dwellings to the largest, most sophisticated cities.

As Host of Habitat - the biggest ever United Nations Conference, Canada will be making very important contributions to this world event.

The cross-country meetings are being held so that the Committee headed by

Senator Sydney L. Buckwold of Saskatoon, can meet the broadest possible section of Canadian people and in particular the working, every day people who are the strength of the country.

Among the critical issues facing, not only Canada, but the whole world, are multiplying population, dwindling land and natural resources, and pollution.

The Committee is most interested in hearing what individuals have to say about these problems in relation to their own community and their opinions as to solutions.

Although briefs have been invited from groups and organizations, the Committee emphasizes that the meetings are very informal and it is not necessary to present written material in order to be heard.

Similar meetings will be held across Canada during October including one in Regina, October 30.

## Is that air conditioner necessary

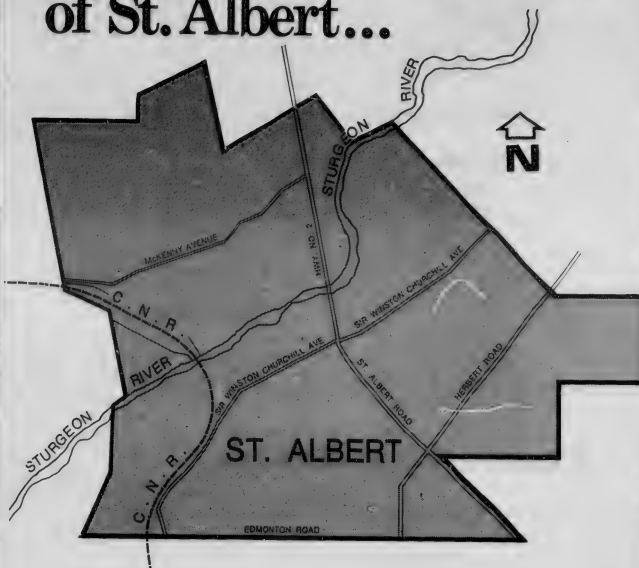

Here's a summer fuel saving tip from the Alberta Motor Association: Minimize the use of your car's air conditioning.

Tests have shown that when air conditioning is not in use, fuel economy can improve by as much as 15 per cent. And, air conditioning adds about 100 pounds to a car's weight, increasing fuel consumption even when it's not being used.

If you're thinking about including this option in your next car, consider these points: A light exterior car colour combined with light interior upholstery will reduce heat build-up and keep your air conditioner from having to work so hard. Tinted glass also helps.

But, think again, advises the AMA. Is air conditioning really a necessity in your locality?

## If you live in this area of St. Albert...

## AGT servicemen will call on you soon.

They want to ready your home for phoneCentre convenience. Please welcome them.

Once your home is prepared with special plug-in jacks, you'll be ready to shop at phoneCentre. When phoneCentre opens, you'll be able to shop for phones, take them home and plug them in yourself. The phones, of course, will remain the property of AGT, but the speed and convenience will be all yours.

All it takes is a simple conversion to special 'plug-in' outlets.

- We'd like to convert ALL your existing telephone outlets to special phoneCentre jacks AT NO COST TO YOU!
- And, if you have less than four telephone outlets, we'll install phoneCentre jacks in as many as four convenient locations WITHOUT CHARGE, if you have them all placed during our first visit. For subsequent visits there will be a \$10 installation charge.
- If your home is large enough to accommodate more than four jacks, and you want them where no outlets presently exist, there will be an installation charge of \$10.

### Before our crews arrive:

have a family conference to decide where you'd like your jacks located. Please talk it over now so we can save you time when we call.

A jack in the kitchen is always handy. Consider placing an outlet in an easy-to-reach bedside location, or in the living room. If your home is large enough to warrant more plug-ins, other ideal locations are the dining room, family room or utility area.

It takes just a little time to get your residence ready for phoneCentre service. Don't be surprised if installers call in the evening or on the weekend in order to find you home. Welcome them, and say "hello" to convenience.

All bonafide AGT Representatives will be glad to show you identification.

Watch for announcements of the phoneCentre opening date. Then get ready to have fun shopping for telephones.

phoneCentre will be located in nearby Grandin Shoppers Park.

## Willowbrook stand firm

Willowbrook Homes edged Lacombe Park Red Rooster 20-16 in the most exciting game this season.

Lacombe Park Red Rooster maintained the lead at the end of the third quarter 15-14 but could not contain Dennis Sabourin who scored all majors for Willowbrook Homes.

The two teams exchanged majors in the first quarter. At 8:30 Sabourin scored on a 50 yard run and Tim Heaton returned the ensuing kickoff 65 yards for the Lacombe Park Red Rooster major.

In the second quarter the Lacombe Park Red Rooster opened strong with Robert Morrison scoring one point

on a missed field goal and connecting on a two point kicked convert on the major scored by Gordon McRae on a quarterback sneak at 10:50. Sabourin struck again in the last minute of the quarter on a 65 yard run. Brent Biollo kicked the two point convert.

There was no further scoring in the game until Sabourin scored his third major at 4:50 of the fourth quarter off a fake field goal attempt. Lacombe Park Red Rooster's Robert Morrison rounded out the scoring with a single point.

A good crowd was on hand for both games played Saturday and their continued support is appreciated.

## Comets hockey practise

St. Albert Comets senior hockey club will open their 1975 training camp this

Thursday, October 2 at the St. Albert and District Arena from 9:30 to 11 p.m. They will also go at the same time on Saturday, October 4 and Monday, October 6.

All positions are open and all interested players are asked to bring their own equipment and be in the dressing rooms one-half hour before ice time.

St. Albert will again play in the highly respected Edmonton Central Hockey League with teams from Leduc, Sherwood Park, Stony Plain, Barrhead, Westlock, Fort Saskatchewan, CFB Namao, Winterburn and Edmonton Bruins. Bruins are a new entry this season and will play their home games in Gibbons.

Comets will meet the Calahoo Scorpions in an exhibition game Tuesday, October 14 in St. Albert. Scorpions are members of the Sturgeon Valley League.

## Kinsmen Minor Hockey

The St. Albert Kinsmen representative team hockey tryout dates have now been set and are as follows:

PEEWEE - 7-8:30 p.m. on the following days - Tues. Sept. 30; Thurs. Oct. 2; Tues. Oct. 7; Thurs. Oct. 9; Tues. Oct. 14 and Thurs. Oct. 16.

BANTAM - 11 a.m. - 1 p.m. Sunday, October 5.

MIDGET - Wed. Oct. 1, 8-9:30 p.m.; Fri. Oct. 3, 8:30-10 p.m.; Mond. Oct. 6, 8:30-10 p.m.; Wed. Oct. 8, 8-9:30

p.m.; Fri. Oct. 10, 8:30-10 p.m.

All practices are to be held in the Morinville Arena. There will be a \$1.00 per player fee to help offset the cost of renting the ice.

Players must supply their own equipment and be at the arena 20 minutes before ice time.

Additional practices will be held in St. Albert as soon as ice is available.

## District 6 supports girl's field hockey

The Board of the St. Albert Protestant Separate School District No. 6 voted in favour of providing financial assistance to enable the Paul Kane Girls field hockey team participate at an event in British Columbia.

The motion, put forward by Trustee M. MacFarlane, called for a grant of \$885 towards the cost of air fares. This would be in addition to the funds the school itself has raised through bake

sales, bottle drives etc. and a \$100 donation from the Kinsmen.

Girls field hockey is relatively new in Canada and the Paul Kane team will compete in Victoria as Northern Alberta representative for the Centennial Field Hockey Tournament. There are 14 girls on the team and they and the coach, Mrs. G. Baldwin, will be making the trip which will cost nearly \$1,700.

ST. ALBERT Pirates won the Beaver Division baseball championship against the Flyers. The victory was a complete team effort with great pitching from Doug Rechlo and Dean Prather, who was standing in as relief pitcher. The game was played last Sunday at the Leo Nickerson diamond.

## Bantams gain second place

The St. Albert Minor Football Association Bantams took over sole possession of second place with two big wins last week. They defeated Boston Pizza 27-12 last Wednesday, and edged Foley Electric 23-18 on Sunday. Their record now moves to five wins against only one loss, and they are pressing their next weeks opponents and last year's city champions "The Safeway Seals" whose record is 6-0.

In the Wednesday game against Boston Pizza the Twork Brothers led the way. On Boston's first two punts

of the game, Francis Twork and Peter Twork ran punt returns for 65 yards and 55 yards respectively and two touchdowns. Brian McCann scored a two point convert and without the offense having touched the ball, St. Albert was ahead 14-0.

In the second quarter Dave Catling combined with Peter Twork on a 75 yard pass and run touchdown. Peter Twork converted and the half ended with St. Albert ahead 21-0.

In the third quarter, Guy Derieu and Sean Sullivan sacked the quarterback causing a fumble. Rod Kane

scooped it up and raced 45 yards to score St. Albert's final touchdown.

In the fourth quarter Boston Pizza tried to get back into the game scoring two unconverted touchdowns, but time ran out on them. Ray Jauch, head coach of the Edmonton Eskimos attended the game as his son Jeff played for the Boston Pizza team.

Kerry Van Buren came up with the only interception, running it back 40 yards. Peter Twork continuing to play fine quarterback was 9

for 9 in the passing department.

The Sunday game against Foley Electric was a hard hitting affair. St. Albert had to come from behind on three different occasions to earn 'he 23-18 victory.

Peter Twork started the scoring for St. Albert with a 25 yard field goal. On the next series of plays Foley scored to take a 6-3 lead. Their lead was short lived as Marty Scheibelhofer scored from 10 yards out giving St. Albert a 9-6 lead at quarter time.

Foley scored again just before half time on a 70 yard pass and run play. Dave Catling, who has been playing great ball for St. Albert returned the ensuing kickoff 90 yards for a touchdown.

Foley wouldn't lie down and on the last play of the half they scored a 55 yard touchdown on a run around end. The first half ended Foley 18, St. Albert 15.

In the third quarter Peter Twork scored on a quarterback sneak, and Guy Derieu and Damir Dupin tackled the

Foley quarterback in their end zone for a safety touch to round out the scoring. The St. Albert defense which was really tested in the game was led by Dan Kehoe, Jeff Bennett, Rob Koch and Kerry Van Buren who picked off his third pass of the year.

Offensively John Twork and Bernie Joyal turned in strong performances. This Saturday, October 4, St. Albert plays the Safeway Seals at 10 a.m. at Kinsmen Park.

## Standard General tied second

Standard General on a well-balanced attack, engineered by quarterback Tim Schroder, beat Carma Crusaders 20-6, Saturday afternoon at Langley Park.

The scoring opened at the

10 minute mark of the first quarter on a three yard plunge by Brady Ficko for Standard General. Brady was also used on numerous plays throughout the game. Kevin Plaisant also added 'two majors during the afternoon

one coming at 2:10 in the second quarter on a three yard run and another in the fourth quarter on a seven yard pass at 3:45.

Tim Schroder added a two point convert in the fourth quarter touchdown by kicking the ball cleanly through the uprights. The convert rules for peewees is reverse than that for the CFL.

Kicking the ball through the uprights is worth two points while passing into the end zone is worth one point.

This is to encourage more kicking in the league.

The only scoring for Carma Crusaders squad came on a 10 yard gallop by quarterback Mark Akins in the third quarter. Although Carma did not manage to win they did have a few bright spots like the 40 yard run by Todd Catling.

Saturday, October 4 at Langley Field at 2 p.m. will kickoff another schedule of peewee football. See you there.

All new St. Albert square dancing residents are offered a free dance during October. For complimentary tickets

## EXPLORERS

Explorer registration will be held on Tuesday, October 7, at 4:30 p.m. St. Albert United Church basement. All girls 9-11 years of age are welcome. For further information call Shirley Riedmueller at 458-0672.

## VOLLEYBALL CLINIC

1975 Provincial Volleyball Officials Clinic will be held October 25 at the University of Lethbridge, Lethbridge and at Grande Prairie College, Grande Prairie. The purpose of the clinic is to upgrade the level of volleyball officiating in the province. Candidates after being exposed to the theoretical aspect of the rules can write the Alberta Volleyball Officials' exam, Level 1. For those who qualify, a floor test will be conducted so individuals can become rated officials. Fee is \$2. Out of town candidates may apply for travel assistance to these clinics at a rate of \$0.40 per mile after the first 100 miles. Applications are at the Town Hall Parks and Recreation office. For further information phone Ms. Helen Greaves at 427-2015.

## RINGETTE OFFICIALS AND COACHES CLINIC

1975 Provincial Ringette Officials and Coaches Clinic will be held at the Leduc Arena, Leduc on October 25 and 26. The purpose of this clinic is to pass on knowledge of the new and fast developing sport of Ringette. This clinic is designed to meet a number of needs of individuals interested in Ringette. Included in this clinic are sessions on rules, technical aspects of the game, and a demonstration of the sport. This clinic is open to all individuals interested in Ringette. The clinic is open to present or future coaches, officials and interested parents. Fee for the course is \$5. Applications are available from the Town Hall Parks and Recreation office. For further information contact

Ms. Helen Greaves at 427-2015 or Ms. Debbie Drake at 986-8468.

## FENCING COURSE

An introductory fencing course will be offered by St. Albert Parks and Recreation in co-operation with the Alberta Fencing Association. The course is open to juniors (13 and up) and adults. This is an excellent family sport. Cost of the course is \$35. The fee includes instruction for 10 weeks and equipment. Course commences October 6, at the Lacombe Clubhouse on Larose Drive. Registrations will be taken at the Town Hall Parks and Recreation office.

## CREATIVE STITCHERY WORKSHOP

Offered by Alberta Culture at the Visual Arts Branch, 11650 - 142 Street, Edmonton Applicants must take two sessions on October 24-26 and October 31-November 2. Fee of \$17.50 includes both sessions. Deadline for receipt of applications is October 15. For registration forms contact Gordon Graziano at 427-2031.

## NATIONAL LIFE GUARD COURSE

The course will be held at two locations. Hardyist Pool, 10535 - 65 Street, Edmonton commencing September 30 at 7 p.m., and Coronation Pool commencing October 2 at 7 p.m. Both courses run 10 weeks. For further information, please contact Rudy Berghuys at 425-7444, prior to commencement dates.

## INSTRUCTORS NEEDED

St. Albert Parks and Recreation Department is looking for qualified instructors in a variety of sports and activities. If you are qualified or interested in teaching a course during the Winter Session (January - March), please contact Mr. Rein Selles, Community Recreation Supervisor, Town Hall, 459-6601.

## Winter carnival plans being discussed

What are 10 people doing meeting in the Percy Page Centre, and talking about ski competitions and hockey games in September? They are planning St. Albert's Winter Carnival. From Thursday night's discussion, it should prove to be a greater extravaganza than ever.

The lieutenant-governor has agreed to be there. The premier and the Skyhawks Parachute Club have tentatively agreed to participate. Already the Club Mocombo has been reserved for a Saturday night beer bash. Snowmobile racers from Wetaskiwin will be asked to come up.

Topics hashed over at Thursday's meeting were, weight pulling contests for dogs, get-acquainted wine and cheese parties for people in new subdivisions, a carnival queen contest between the schools, hospitality hour for visiting and local VIPs, "novelty" events between

schools, curling on the river, figure skating exhibition, hockey games, ski club competitions, dog sledding, torchlight parade, (people and clubs are invited to enter floats), pancake breakfast, sleigh rides, skating on the river, amateur photo contest, snow sculptures, speed skating on Big Lake, bannock baking, ice fishing, "squat wrestling," and a fireworks display.

Plans are to make better use of the media and to advertise the carnival better. Certain events will be better organized than last year. It was mentioned that there wasn't enough crowd control at the sled races. Moves will be made to get a better P.A. system.

Have you or your organization any ideas to contribute to this community event? Next meeting, unless you are otherwise advised, is 8 p.m. Thursday, October 9 at the Percy Page Centre.

# Challenge Cup day

The Bobcats took the Junior Girls title. In the front row, from left to right are Carmen Laplante, Claudette Larocque, Susan Dick, Sheila Dick and Jackie Sorby. In the back row are Debbie Schrader, Anna-Lisa Patterson, Beverly Erickson, Lori Welsh, Janine Gagnon, Linda Wilcock and Coach Pat Laplante.

The Orioles won the mini-mite trophy. In the front row are Bruce Frier, Gregory McAmmond, Kenny Stanton, Michael Connelly, Scott Bailey and David Kay. In the back row are Sean Harding, Jay Krushell, Brent Schrader, Chuck Stanton, and Robert Boksteyn. Missing are Richard Gibbons, Christopher Grant, Assistant Coach Jim Connelly and Coach Peter Boksteyn.

Pictured here are the Mohawks, winners of the Peeewe A competition. Front row - Tim Palcu, Bobby Chai, Nial Burke, Brian Broorse, Darryl Harrington, Darin Price, David Ranson. Back row, left to right Brian VanDuren, Danny McVicar, Jim Patterson, Cliff Block, Chris Donnelly and Coach Lawrence Donnelly. Missing are Jeff Cunningham and Assistant Coach George Palcu.

The Lions were the runners up in senior competition. Back row: Cheryl Leibel, Doris Haas, Bev Larsen, Fran Roach, Coach Michael Meara, Danny Lyndon, Julie Green, Jauet Larson, and Terry Welsh. Front row contains Jackie Latimer, Penny Golden, Colleen Coombs, Brenda Grey, Christine Griffiths, Jackie Anderson and Carol Griffiths.

By Julie Green

The Hercules Sports Association soccer teams have finished their 1975 house league season with games played Thursday evening and Saturday at the Sir George Simpson field.

A very exciting game was played on Thursday night between the Commanches and Cheyennes of the pee-wee B boys league. The Cheyennes first three goals were scored by Ian Kay and Stuart Hamilton. Answering for the Commanches were Alan Taylor and Bruce Hudson. Second half goals were scored by Ian Kay of the Cheyennes and Brad Slater of the Commanches. After a close round of penalty shots John Parker scored the winning goal for the Commanches.

Also on Thursday night the mite B teams played their final game. The Wolves defeated the Beavers 4-0.

Soccer action started at 10 o'clock Saturday morning with the Mini-mites playing for their Challenge Cup. The Roadrunners got off to a fast start on two quick goals by Craig Smith. Robert Boksteyn returned the goals for the Orioles in the second half. Full time finished with a two all tie. Overtime was played for 20 minutes but with no outcome. Penalty shots were exchanged until Robert Boksteyn scored the winning shot for the Orioles.

The previous Thursday the Orioles had finished top of their league after defeating the Roadrunners by a score of 11-1.

The mite A championship which followed proved to be very interesting. The first goal was scored by Bronco player, Tom Knobloch. The equalizer was scored by Scott Rusnak for the Mustangs. The Bronco's responded with another goal from Tom Knobloch. John Lenz scored a quick goal just before full time to tie the match 2-2. Early in the first half of overtime Scott Rusnak scored for the Mustangs who went on to win the game 3-2.

Victory came easily to the Bobcats of the junior girls league who played their final at 2 o'clock. The Bobcats went all out to defeat the Panthers. After four goals, in succession, by Sheila Dick, Claudette Larocque, Janine Gagon and Laurie Welsh, they were presented with the Pat Laplante Challenge Cup.

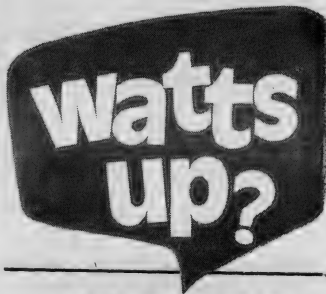

Following that match the pee-wee A boys played their last game. Mohawk player, Chris Donnelly scored the first goal which was soon equalled by a penalty shot kicked by Ted Dykstra for the

Navahoes. The Mohawks came back again with goals by Daryl Harrington and Chris Donnelly. Ted Dykstra scored again and the game finished up 3-2 in favour of the Mohawks.

The last game of the day was played by the senior girls. The Jaguars scored first on a goal by Betty Ann Franssen. Replying for the Lions was Jackie Anderson who scored at the end of the first half. With full time over

and the match tied, overtime was played. After 20 minutes of action and two goals by Wendy Osbourne the Jaguars defeated the Lions 3-1.

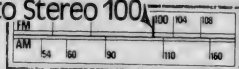

The Hercules Sports Association would like to thank the coaches for their help, and remind them to collect their player's sweaters and turn them in as soon as possible. There are also some tickets left for the Fall Frolic - available from Tony Holden at 459-8469.

## Milk and Milk Products

Nutrition surveys have found that more than half of the Canadian population is not getting enough calcium. Milk and dairy products supply the bulk of dietary calcium; without milk it is very difficult to get daily requirements. Milk products are an excellent source of protein, riboflavin, Vitamin A, Vitamin D and phosphorus. In fact, milk is one of the most perfect foods.

Milk comes in many different forms: fluid whole, 2%, skim, buttermilk, evaporated, powdered whole and skim and condensed. Drink milk or use it in soups, sauces or puddings. If you prefer cottage cheese or yogurt, there are excellent sources of milk. There are many delicious ways to get your daily milk requirements.

One serving from the milk and milk products food group is 8 oz. of milk in any of the above forms or 1 oz. firm cheese or 3 medium scoops of ice cream. An adult requires 1-2 servings a day from the milk group. Children under 11 require more as they are growing; they need 2-3 servings a day. As children enter adolescence, they grow faster and their needs increase. The needs of pregnant and nursing women are also greater. These greater demands should be met by four 8 oz. servings every day. Be sure you are getting your requirements. Remember... everyone needs some milk or milk products every day!

# Spotlight on Sturgeon

## \$5 Million dollar Sturgeon school need not be a burden, administrators say

Although the proposed new Namsco Composite High School weighs in at a hefty \$4,950,000, it should not prove to be a financial burden for those people who want it, according to administrative staff of Sturgeon School Division.

All high school students living in the Sturgeon School Division will be required to attend the new high school, or else pay their own tuition and busing, except for those students with learning difficulties who come under the special education program.

Superintendent Robinson reports there were 602 high school students in Sturgeon in 1974. He estimates student population at 624 in 1975, 646 in 1976 and 670 in 1977, the year the proposed school is scheduled to be opened.

At present these students are attending St. Albert High [170 students], Paul Kane High in St. Albert [58], George Vanier, Morinville [10], 348 students in M.E. Lazerie, Edmonton; and about 20 in other Edmonton schools.

Sturgeon School Division in 1966 closed down small high schools at Riviere Qui Barre, Mission Park School in St. Albert, Namsco and Gibbons - Horse Hill. And in 1970 the Bon Accord High was closed, and since that time the Division has had no high school.

Rather the Sturgeon School Division in effect rented high school space through tuition agreements with these other schools at a cost of about \$100,000 per year. While the school is an expensive project, the \$4,950,000 figure mentioned in the bylaw is referred to as an outside top figure by Superintendent of the School Division, Frank Robison. The actual limit could be the tender price the superintendent added.

The government support price at present is \$22 per square foot for permanent buildings, as compared to core style buildings at \$27.

Although the operating costs of the school will be high, Mr. Robinson hopes that the school will be operated within the government grant structure for a composite high school, or near the breakeven point, depending on provincial support.

According to figures from the administration of School District No. 6 in St. Albert, it costs \$1150 per student to operate Paul Kane High School for a full year. This figure covers the education portion, administration and maintenance for the strictly academic school. Operation costs for a composite school are higher. Capital expenditures, debt charges and busing costs are not included in the operational cost of \$1150 per student at Paul Kane.

The Sturgeon School assessment for 1975-76 is put at around the \$20 million mark and according to the Associate Superintendent Walter Heppler, the very worst hike school taxes could see is 5.8 mills. This would be for the first year only and the average over a 25-year repayment period would be 2.2 mills, he calculates.

Mr. Heppler also pointed out that with the possible doubling of the MD's assessment through the possible arrival of a \$250 million CIL plant in Sturgeon, at worst there could be 3 mills extra on the tax bill, but more likely this would be one mill.

Looking at the present scheme of things, Mr. Heppler produced figures which indicated that total payments for the

first year on the high school would be \$594,000. This figure comprises the annual principal repayment of \$198,000, and the annual average interest at an effective rate of eight per cent amounting to \$396,000.

Estimating provincial government help at 60 per cent, the total payment over the first year would in fact be lessened by \$358,400, leaving a contribution from local support of \$237,600. Deducting tuition fees of \$110,000 would bring down the net local cost to \$127,600.

Over a 25 year repayment period the average net cost to local taxpayers is estimated by Mr. Heppler at \$48,400, much lower than the cost of repayment in the first year. Local support cost average over 25 years is also lower than the first year figure at \$158,400.

On the average, repayments over the 25 year period are much lower than for the first year. \$237,600 for provincial government support, \$396,000 for the total payment and \$198,000 for the payment of the annual average interest.

Mr. Robinson said that one of the unfortunate things about building new schools at this time was that the percentage cost supported by the provincial government in relationship to the actual building cost lags far behind what it did three years ago. He said that there had been no burden on Sturgeon ratepayers when the last school had been built in Sturgeon in 1974 but that the government had not kept up with support for the increase in building costs. Mr. Robinson, when questioned, agreed that the Alberta Government, in loaning money for school construction at 8% interest were well below what is available elsewhere in Canada.

Three years ago the support price for permanent structure high schools was \$16.25 per square foot. It is presently \$22. A new feature of the government program is encouraging core-type schools, which have a support price of \$27.00.

The proposed Namsco School would have a total of 85,000 square feet, including instructional and non-instructional areas.

The school is planned primarily as an academic school, the superintendent said, but will include facilities for vocational education in welding, building construction, automotive, drafting and beauty culture.

Sturgeon School Division has optioned 28.8 acres of land for the school site at \$1,500 per acre, located east of the present Namsco School, on the same quarter section. Total cost of the land is \$43,170 which has no provincial support.

Water and sewer servicing costs, estimated at \$110,000, plus site development cost, estimated at \$140,000 must also be borne by the school division.

There will be substantial provincial support for equipment and furnishing the high school.

Mr. Robinson pointed out that the school division will grow with the probable further industrialization of the MD Sturgeon area.

Mr. Robinson also felt that the government should be providing sufficient finances for the local authority to pick-up the program, particularly in a rapid growth area like Edmonton.

He said that industrialization is bound to bring in the people and when that happens, you have to have the schools.

He pointed out that it was the BNA act which made the provincial government responsible for education. The Government had delegated that responsibility to the school board and with that delegation the government had the responsibility of supplying sufficient funds, said Mr. Robinson.

He added that schools were needed and Sturgeon still did not have its own high school.

He also said that pretty well all high schools have had good support from the government in Alberta and asked if it was fair that Sturgeon "should be discriminated against when the government is going into a freeze?"

However Mr. Robinson qualified this by adding that recently there had been a "little bit of melting in government capital support costs."

## \$15 Million rapeseed is go for Sturgeon

## Downtown plan started

After two years of requests from Morinville, the Edmonton Regional Planning Commission has finally sent a planner to work on a study of the town's downtown area. Purpose of the study is to determine what sort of developments are o.k. and to formulate a general plan for development of the community.

ERPC Planner George DuCloux and council agreed that the central core of the town needs strengthening. It was agreed also that if a major shopping centre were built in Morinville the downtown area would be killed.

Coun. Harvey Atkinson felt that downtown cores were more interesting places than the standard shopping centre.

Mayor Art Stapleton said the "quasi rural-urban type of living" was the reason for Morinville's popularity. He also felt that a major shopping centre would pose too many hardships for the

people who are the backbone of the present commercial area.

Mr. DuCloux suggested that both the downtown area and the surrounding areas be studied. The Forest Glenn and the Quailco subdivisions will both have an influence on the downtown area. So will a possibly expanded exhibition grounds and the proposed northwest industrial park.

Mr. DuCloux later told the Gazette that since the Local Authorities Board hadn't given the go-ahead for the piece of land to the northeast to be incorporated into the town, he would be only able to do bits and pieces of the study at first.

The study will include a description of the trade area.

projection of the trade area population

population projections for the town as a whole. (This will be very difficult to do as

the town doesn't know what will happen with their annexation bid).

- a study of land use in the core area to determine what sizes and types of businesses are appropriate.

- a parking study
- traffic generation and patterns.

- what the area should look like (what boundaries to consider).

- building conditions (how long a building can stay in the area).

- what land is available and future land use requirements.

- a history of the town (its people, how it has grown).
- Mayor Stapleton mentioned maintaining the "historical core."

- industrial building permits.
- zoning classifications

- civic functions (what area, what look is favored).
- possibly near the church.

- seniors' housing.

following a luncheon in the Londonderry Motel on the Fort Trail.

Representatives of the MD of Sturgeon, the provincial government, Alberta Food Products and Japanese partners of the venture were at the Londonderry luncheon.

Detailed design work on the rapeseed crushing plant is now completed and the plant is expected to be completed in time to handle a portion of the 1976 rapeseed crop.

Reeve of the MD Bill Flynn thanked the provincial government for its help in getting the project off the ground. He said the MD of Sturgeon had the amenities and the manpower for the plant and told people that if they had any "gripes" to go and see Hubert Lamoureux, an MD councillor who looks after that division where the rapeseed plant is expected to locate.

Minister without Portfolio Dallas Schmidt who was standing in for Agriculture Minister Marvin Moore wished success for the joint venture. And joint venture agreements have already been signed by the Alberta Wheat Pool and four major Japanese trading and food processing companies for the development and ownership of the 600 metric ton per day rapeseed crushing plant.

Cambrian Engineers are the project and construction managers.

After the rapeseed has been processed there is a real residue and this opens up the prospect of marketing rapeseed meal on the domestic feed markets.

President of the Alberta Wheat Pool Mr. G. L. Harrold pointed out the advantages of having the rapeseed plant close to home for local farmers.

He also officiated later at the sod turning ceremony in the Lamoureux area of the MD of Sturgeon next to Fort Saskatchewan.

President of C. Itch and Company Canada Ltd. Mr. L. Yamada, with one of the Japanese firms in on the project said that he was happy the plant was now at the construction stage and thanked the provincial government for its support.

The plant will have the capacity to crush nearly nine million bushels of rapeseed annually. About 80,000 tons of rapeseed oil and 120,000 tons of rapeseed meal will be produced by Alberta Food Products each year and the plant is expected to provide employment for 60 people.

Alberta Food Products is jointly owned by Alberta Wheat Pool (60 per cent) and Japan Alberta Oil Mills (40 per cent).

Partners of the venture will help towards its success

in a number of ways. The Alberta Wheat Pool will aid the new plant to secure supplies of rapeseed.

The Ajinomoto Company Inc. will supply technical assistance and advanced oil crushing technology. C. Itch and Company will help market the oil and meal from the plant mainly to the Japanese markets. These and other similar companies in Japan are major food manufacturers and distribution companies and require increased quantities of rapeseed oil for their growing markets in their country.

Japan is the main export market for Canadian rapeseed and last year about 85 per cent of the total crop went to that country.

Developments coming from plant breeding work and the intensive research programs being carried out in Canada and elsewhere open up new horizons for rapeseed as a source of vegetable oils and animal proteins.

The new low erucic acid seed (LEAR) varieties and the licensing of the double zero varieties will make rapeseed products much more competitive with other oils in the years ahead.

An Alberta Food Products news release points out that the plant in the MD of Sturgeon will be most welcome in Alberta where several rapeseed crushing plants are already operating.

# GIBBONS NEWS

By Karen Hogg

Gibbons is very proud of the six girls who received their Canada Cords on Wednesday night Sept. 24. This is the highest award given to the Girl Guides and quite something to have six girls from one company receive this honour at the same time.

The hard working guides are Debbie Williams, Rhonda Smith, Laurel Melnychuk, Darcy Mabbutt, Carol Hawkins and Sandra Archer, who were all very deserving of this award. The mothers of each of the girls were asked to come on the stage to take off the girls All Around Cords which were blue and white and worn over the girls' shoulders.

Then the girls were presented with little white and red cushions with a golden pin which was put on their uniforms.

Finally the big moment came when they were given their Canada Cords which were also attached over the shoulders of the uniform.

This Cord was red and white and looked very smart on the girls uniforms.

During this event, Shirley Steinwand explained the work the girls had to go through to receive the Canada Cord.

Rhonda Smith told us about her trip to Quebec this summer and how fortunate she was to be one of 15 girls from Alberta to attend the Girl Guide jamboree. She stayed with a family who could only speak French and said there was a lot of improvising done to talk to them. Rhonda also thanked everyone for their donations to make her trip possible.

Mrs. Evelyn Fraser gave a talk on camping and told about the wonderful times she has had with the Guides during these occasions. It was also Mrs. Fraser's birthday and everyone sang "happy birthday" and she was presented with a lovely cake made by Kay Rowe. Mrs. Fraser is the Tamarac area camp advisor and has been with the Guides since 1952.

Lori Briggs gave a very enjoyable speech about her Guide camp up at Jasper and thanked everyone for making the trip possible.

Laurel Melnychuk also was a very fortunate Guide chosen to go down to Newfoundland. She brought a fish hook which looked just about big enough to catch a whale!

Mrs. Helen Williams was given a very big surprise when her daughters Mrs. Avis Hood, Mrs. Charlotte McLean, Mrs. Kay Rowe, Mrs. Betty Gaumont, Miss

Peggy Williams and Miss Debbie Williams presented their mother with a beautiful cake for 23 years of putting her children through Girl Guides. What a record. Now she is watching her grandchildren go into Brownies and Guides. For having 20 grandchildren, boys and girls, Mrs. Williams will be active in Brownies, Guides and Scouts for quite some time to come.

A thankyou was extended to Mrs. Della Gibbons for making a lovely cake with white and red icing for this very special occasion.

There was a delicious lunch served after the ceremony and a very enjoyable and memorable night was had by all.

The Gibbons Agricultural Society and Mr. and Mrs. N. Stirtion and family wish to thank everyone who gave so generously to the Gibbons Arena Fund in memory of Robert (Bob) Stirtion. A trophy case will be purchased by the Agricultural Society in memory of Bob.

The Emmanuel Church of Gibbons hold church services at 9 a.m. on Sundays.

The Gibbons Sunday School cordially invite parents and friends of the pupils to attend their services on

Sunday, October 12 at 10 a.m. Sunday School will be held on October 1 and 8.

There will be a meeting of the Sunday School Circle on October 7 at the home of Mrs. Bonnie Sharun.

Sincere sympathy extended to Mr. and Mrs. Dave Mettunen on the loss of their little nephew.

I made an error. The Gibbons Oldtimer's team are called the "Talons" not Talcons. Practises will be on Thursdays from 8:30 to 10:30 p.m., and on Sundays 7 to 11 p.m.

## DATES TO REMEMBER

Baseball Fest Dance - October 4 in the Community Hall.

The Lions Thanksgiving Turkey Bingo - October 6, 8 p.m. in the Hall.

Gibbons Senior Hockey Club's first practise - October 14 at 8 p.m.

## THE LAST ROUND-UP (Gibbons Senior Citizens)

A regular meeting was held in the Legion Hut September 25 with 30 members present. After some visiting and shuffleboard, six tables were filled for whist.

When the scores had been tallied the following emerged victors: Ladies first - Emily

Oliver; Ladies consolation - Aureore Lamoureux; Gent's first - Don Bevington; Gent's consolation - was a tie between George Carleton and Min Wamsley (playing as a man). George being the little gentleman he is, withdrew in favour of Min.

When lunch was served there was a birthday cake brought by Wilma Gleddie for the Sunday School Circle. Mrs. Morin and Yvonne Peterson also brought cakes.

After lunch a couple of items of business were brought up. One being our rent to the Legion. It was

moved by Sheila and seconded by Agnes Logan that this account be paid. It was also decided to invite the Senior Citizens of Bon Accord to our next meeting on October 9.

Word was sent by Carletons and Ethel Neilson who are members of both clubs. We also learned that Annie Knight is a patient in Fort Saskatchewan Hospital. Get well soon Annie.

Happy birthday was sung for Mary and Nick Juse who both celebrate their birthdays on September 21. Closed with "The More we get Together."

## Compensation if Edmonton gets bigger

It seems that both the MD of Sturgeon and the County of Parkland will be compensated in some measure for possible loss of assessment if Edmonton expands its present city boundaries.

A spokesman for the County of Parkland said this week that so far that authority did not have summarized the amount of assessment which could be affected by Edmonton's expansion.

However the MD of Sturgeon's total assessment in the expansion corridor, south of the restricted development area, has been made known. It amounts to \$4,762,950.

A steering committee has been set up between Mayor Bill Hawrelak of Edmonton, Reeve of the MD of Sturgeon, Bill Flynn and the Reeve of Parkland, Les Miller.

The committee is to try to find ways of compensating Parkland and Sturgeon for

any loss of assessment and see that any enlargement of city boundaries is done on terms acceptable to the parties.

A spokesman for the MD of Sturgeon said Friday that this could be done by the MD and Parkland collecting the full year's tax on the assessment following any annexation. The amount to be collected would then be reduced by 10 per cent each year down the line.

The steering committee is expected to study the matter further and come up with satisfactory solutions for the authorities.

Concerning the by-pass for St. Albert the MD spokesman said that a transportation committee has been set up to look into the matter. The MD is known to favour what is known as the North West Freeway or a ring road as opposed to a route west of St. Albert.

## Public Notice

It is the intent of the Council of the M.D. of Sturgeon No. 90 to dispose of the following public reserves lands in exchange for an equal portion adjacent to the Horse Hill School site.

# Report From Bon Accord

**By Sadie Allen**  
Anglican Church Women will meet at the home of Shirley Bland on Wednesday October 8 at 2 p.m. A special invitation is extended to all those interested in the Anglican Church. Anyone interested, requiring transportation may call 921-3813.

The mite soccer team played a 2-2 tie with Fort Saskatchewan on Sept. 20. On Sept. 28 mini-mites, mites and peewees travelled to St. Albert where all three teams played house league champions from St. Albert. Mini-mites, playing their first game as a team lost by a

3-1 score, mites lost by a 3-0 score and the peewees came up with a 3-2 win. This is only a third game for the peewees. Coaches John Doughty and Mike Hartley are very proud of the boys and pleased with the all-out effort put out by them. Now that a lot of the harvesting has been completed Mike and John would like to organize some "friendly games" involving the men of the district. Any gent's interested are asked to contact either of the aforementioned. Enough for at least two teams are required. The parents of the children involved in soccer are most appreciative of coaches John and Mike and wish to extend a vote of thanks to them.

Congratulations to Vern and Connie Lewis on the birth of their daughter, Hope Crystal, 7 lbs. 13 oz. on Sept. 21.

The executive of the Tiny Tots wishes to thank all the parents for their co-operation. Donations of leggo sets, dominoes, puzzles with large pieces or Fisher-Price toys

suitable for four year olds would be much appreciated. Anyone wishing to donate, please contact Lois O'Brien, 921-3946 or Sandra MacDougal, 921-3511.

The Bon Accord Art Club meets on Wednesdays at 7:30 p.m. in the school. The program is drawing up a U of A extension course, with instructor Gilsela Felsberg. It is not too late to join. An invitation is extended to residents of our own and surrounding areas to take part in an interesting and productive pastime. For information, call Jean Chubb 921-2486.

Open House for the new village office is being held on Saturday, October 4 starting at 2 p.m. Make a point of inspecting your new town hall and enjoying a cup of coffee.

Ladies Community Club meet at the home of Pauline Mansfield on Wednesday, October 8 at 8. Everyone is welcome to attend.

The annual Thanksgiving

supper is slated for Monday, December 13 at the Bon Accord Community Centre. Make a date to attend and enjoy a super home cooked meal.

A good crowd turned out to bingo on Sunday night. We were happy to see many of the regulars back again for the first time this fall. Florence McKay took home the bonanza money this week while Susan Creusot grabbed off the jackpot consolation. Jackpot for October 5 is \$425 in 51 numbers.

A final market day will be held in conjunction with the Thanksgiving supper. This will provide an excellent opportunity for anyone with surplus garden products to dispose of them. Home baking tables will also be set up in the auditorium of the Community Centre. For further information contact Pat Reichle, 921-3535.

Anyone with items of news for the Gazette, please contact me at the new number of 921-3813.

Friendly lights are beginning to appear in the new Springbook development as new residents move in. Sidewalks are laid, streets are being hard-surfaced and full grown trees are moving in to front yards as looks are being landscaped. Lots like a nice place to live!

Lions meet on the first and third Wednesdays of the month in the Bon Accord Community Centre at 7:30 p.m., for a supper meeting. Feel like being a Lion? You are cordially invited to attend.

Reorganization of the 4H Beef Club will be held at the school on October 6 at 7:30 p.m. Anyone 10 years of age by January 1, 1976 is eligible to join.

We extend a warm welcome to the new manager of the Alberta Wheat Pool, Dale MacFadyen, his wife and daughter, now residing in Bon Accord.

On Sept. 27, eight members of the Hallowe'en executive committee met at the home of President Mrs. Rose Ruth to assess the recent poll sent out to the householders of the community. Due to a

very poor response to the poll, 19.4% received, it was assumed that the majority did not wish the hallowe'en party to continue this year. A vote was taken, resulting in the decision not to have the hallowe'en party this year.

A motion was then made that the funds of the hallowe'en party (approximately \$200) be held over for one year pending another poll to be taken at that time. If the results of the poll taken next year prove to be negative, these monies be distributed among community endeavours.

The president and executive of the hallowe'en party would like to thank the parents who responded to the poll and a special thank you to all persons who helped with the party in past years.

## VIMY NEWS

**By Darlene Provencal**  
Presently visiting with Mr. and Mrs. Jack Burns are Mr. and Mrs. Jim Lang from Lethbridge, who are out for a few weeks holiday. They are also visiting other friends in the area.

The "correction line" just east of Vimy is presently undergoing some changes. Construction began a few weeks ago to build the road up. This fall approximately four miles will be completed.

Get well wishes are being sent to Mr. Hector L'Oiseau who was a patient in the Westlock Hospital. Also, a cherry recovery is extended to Mr. Henry Ringette who is in the University Hospital after suffering from a heart attack this week.

The Vimy Community League will once again hold their annual fall cabaret on Friday, October 24. Music to be supplied by the Vibrations. Tickets will be on sale this week from any board member. Be sure to get yours.

Well it seems like our quiet little hamlet is being

invaded these days. Would you believe by skunks? The Department of Wildlife stated that there is very little we can do about it, but, if you notice an extra friendly one, be sure to report it so that it can be checked out for rabies.

Mr. and Mrs. Bill St. Arnaud took advantage of the lovely weather last Sunday and held a barbecue for their friends prior to Bill's return on Thursday to his job in Tehran.

Visiting with Mr. Jean Marie Gervais and helping out with the field work is his nephew, Pierre Gervais from Quebec.

We would like to welcome into our community Jim and Sharon Rosynchuck and their family of one, who have bought a mobile home and are setting it up on a lot in town. Sharon is the daughter of Dick Despins.

Good luck to Mrs. Yvonne St. Arnaud on acquiring her new job. Yvonne will be taking the place of Mrs. Anne Anderson as school aide for our school.

**By Marg Bentz**  
The Morinville Ladies Curling Club will hold their annual general meeting on Tuesday, October 7 at the Morinville Regional Recreation Centre at 8 p.m. All ladies interested in curling for the coming season are cordially invited to attend.

In preparation for Christmas "Midnight Mass" the choir of St. Jean Baptiste Roman Catholic Church begin practising on Thursday, October 2, at 7:30 p.m. at the Church. Rehearsals will be held every Thursday at 7:30 p.m. The program will consist of a four part latin mass for mixed voices as well as Christmas Carols in various languages. A special welcome is extended to newcomers of the parish as well as to members of other denominations interested in choral singing.

Board of Trade resumes their meetings at the Legion on October 6, 1975.

Morinville Pottery Club are accepting registrations on Monday, October 6, from 8 - 9 p.m. For further information call 939-4565 or 939-4827.

A community breakfast will be held on Sunday, October 5 at 9:30 a.m. at the Recreation Centre.

The first Ladies Take a Break class will start on October 2 at 9 a.m. till 11 a.m. in the Cunningham School (south of the arena). Babysitting will be at the Recreation Centre. The following is a schedule of classes: October 2 and 9 - cake decorating; October 16 and 23 - macrame; October 30 - candlemaking; November 6 and 13 - Christmas cookies and candies; November 20, 27 and December 4 - copper enamelling.

If anyone is still interested in joining or is seeking further information, please phone Sherry Taylor at 939-4829.

Next Saturday is the final Farmer's Market. Anyone interested in stocking up should be at the multi-purpose building at 10 a.m.

Morinville Drums and Bugle Band has been reorganized and the new committee extends a welcome to any students in the MD of Sturgeon to become part of the band. All registrations will be accepted until October 15. You can register Wednesday nights at the Rec. Centre or phone 939-4263 anytime.

Plans are being formed for curling in the new multi-purpose building. Ice should be installed by the end of October and leagues are now being formed - Monday and Thursday have been tentatively set for Mens Curling, while Tuesday and Fridays will be used for mixed; leaving Wednesday for ladies. These days are only tentative and final times will depend on participation. Your co-operation has been asked for, in registering early, so as to enable the Curling Association to schedule the ice sheets. See the advertisement in this issue for further details.

Would the lady who called me regarding a subscription, please call again, as your name and address was inadvertently misplaced.

Anyone who was missed for the Lion's Birthday Calendar, may send their forms in before October 1, 1975.

Deadline for the figure skating registrations is October 6. A general meeting will be held on Thursday, October 9 at the Recreation Centre between 7 and 8 p.m. Figure skating starts on October 18 and two programs will be offered this year - A.R.S.A. and C.F.S.A. Contact Rena Bland at Drayden Insurance for further information.

Morinville Guides and Brownies are holding their annual fall rummage sale Tuesday, October 21 at the Recreation Centre. Any donations may be dropped off at Mrs. R. Anderson at 9920 - 101 Street.

Adult jewellery classes are to begin October 7. Anyone interested please phone Carrie Rockwell at 939-2114. Classes will be held at the

residence of Florence Vranas at Cardiff.

Welcome to Morinville Mr. Robert Reason and family! Mr. Reason, previously of Manning, Alberta has taken over ownership of Morinville Hardware and is residing here in Morinville.

Reader's co-operation in telephoning or bringing in the news is much appreciated and as early in the week as possible. Please phone 939-4145 or drop off at

9901 - 99 Avenue.

October is Red Cross Month and the ladies of Morinville will be canvassing so that residents of our community will be able to contribute their share to this worthwhile cause. Red Cross is well known for their Blood Donor Clinic, help in time of disaster, swimming programs, overseas help with medicine etc. There will also be a Blood Donor Clinic on October 29 at Morinville Recreation Centre from 7 to 9 p.m.

# Calahoo News

By Liz McLeod

The Calahoo Women's Institute met at Mary Dalheim's home on Tuesday evening September 23 after the summer recess, with 14 members and visitor Daisy Gooding present.

Secretary Emma Dalheim

read the minutes of the June meeting, followed by the hostess reading a delightful column from her local paper called "Patchwork and Needles" by Peggy Mowry. Peggy is a friend and one time constituency convenor

for District 11 who lives at Darwell.

Treasurer's report was given and although the history fund is enlarging the WI is still asking those who lived in and around Calahoo to send in their stories and

orders for the history book. The \$10 deposit will help with the advance payment needed when the material is sent in. Send stories or orders to Mrs. K. Mary Dalheim, Onoway, Alberta.

Mary met with Dick Huber, to learn how to assemble each story with accompanying pictures. This is a large project and the WI members hope everyone will all get behind it and do their part in helping preserve the history of Calahoo.

The WI will meet with the Agriculture Society and the Sports Association to arranging what is hoped will be a community effort to raise the needed monies to see the history book to its completion. They hope to hold a supper and dance in the Calahoo Arena in the not too distant future.

Since the Farmer's Market was postponed till a later date, it was agreed at the meeting to hold the raffle at the October 28 meeting at Mrs. M. Kerr's home.

If you haven't any tickets yet, WI members are selling them and proceeds will go to

the history fund.

Still another project to swell this fund is the friendship quilt. To date the WI has 85 names and would welcome more. Just send your name plus one dollar to Mary Dalheim and it will get its place on the quilt.

Two letters from Provincial President Bette Ballhorn were read. One reminded us of the commemorative spoons, groups can sell, and the other was about the province-wide workshop on Family Finance and Consumer Law to be held October 9 and 10 in the Mayfair Hotel, Edmonton. Emma Dalheim and Elsie Berry were delegated to attend.

The handicraft tea will be held this year at Drayton Valley on October 15. The provincial convention will again be held at Olds College, May 31 to June 3, and the national convention in Charlottetown, June 20 to 25.

A letter from District 11 Director, Mrs. A. C. Krizinger had praise for three members active in WI work: Calahoo's Mary Dalheim for

accepting the Provincial United Nations Convenorship; Esther Lunan of Spruce Grove WI for winning second for her Nutrition Poster at the provincial level, and Mrs. Nessa Watt of Wabaman WI for winning both the shield and the plaque for her short stories also on the provincial level.

Mrs. Krizinger urged members to carry on with the nutrition program and to encourage younger members to attend.

There was a good deal of discussion on the upcoming supper and dance and it was left to Addie Thatcher to arrange a suitable date.

Emelia Schmermund won the door prize, brought by Anna Carty. After adjournment the lunch hour gave the members a chance to visit and compare notes.

A plant will be given to Daphne Kerr because of her recent bereavement in the loss of her dear father, Mr. R. W. Akerman on September 7. Formerly of Namao district he was living in Edmonton at the time of his death.

## LEGAL LOCALS

By Sharon Rempel

Donna and Marcel Lessard are very happy to announce the arrival of their son, Darcy Ray, born September 4, 1975. He weighed 8 lbs. 13 ozs. Proud godparents are Cecile and Ricky DeChamplain.

STUDENTS' UNION NEWS

By Agnes Blanchette

The Legal Student's Union is now in operation. The new executive is: President, Michael Prefontaine; vice-pres, Angie Auger; sec.-treas, Mariette Laplante; social convenors Julie St. Martin and Bernie Prefontaine; sports convenors Rachelle Letourneau and Mike Gagne; photographer Claudette Bileau; Grade 12 rep, Rolande Berube, Grade 11 rep, Lucy De Champlain, Grade 10 rep, Richard Nault, Grade

9 Rep. Sharon Dube and Rita St. Martin and reporter Agnes Blanchette.

We would like to welcome Miss Joan Kostil, Mr. Kenneth Harder, Mr. Nestor Sorochan and Mrs. Patricia Provost who are now on the teaching staff.

Frost '75 was a great success, with the dance following Kangaroo Court, and the band SHORTLINE proving to be a great time for all.

Grad '75 is coming soon, October 25, 1975 to be exact. If you would like to get tickets to the banquet they are available at the Legal Confectionery, Legal Credit Union and the Legal Co-op. Please get them before October 17.

A course in furniture refinishing will be offered on October 22, 23, 24 and 25.

Anyone interested in this interesting subject please contact Sharon Veitch at 961-2399 to register.

Mr. and Mrs. Dave George formerly of Legal, now residents of Grande Prairie, were weekend guests of Albert and Louise Roultson.

Please send or phone in your news items to me at 961-3996.

## Namao News

A shower will be held in the Namao Community Hall on October 14 at 8:30 p.m., in honour of Nancy Carey who will be married to Lloyd Sikharky on October 25.

Open House will be held in the Namao Community Hall honouring Mr. and Mrs. Elmer Samis, formerly of Namao, on the occasion of their silver wedding anniversary, on October 12, from 2 p.m. - 5 p.m. Friends and former neighbors are invited to attend. No gifts please.

A shower will be held in Namao Community Hall on October 7 at 8 p.m. honoring Miss Christine Smith who will be married to Mr. Aubrey Harrold on October 25th.

# Mounted square dancers have busy summer

KLONDYKE MOUNTED SQUARE DANCERS  
HAD BUSY SUMMER

By Norma Crozier  
The Klondyke Mounted Square Dancers held their practices every Thursday evening this summer at the Namao Gymkhana Grounds. Members in the picture are, Gordon Kosiak, Edmonton;

Beverly Rasko, R.R. #4 Edmonton; Marshall Davis, R.R. #4 Edmonton; Marianne Cole, Fort Saskatchewan; Cal Hamilton, Fort Saskatchewan; Sandy Rasko, R.R. #4 Edmonton; Trudy Hamilton, Fort Saskatchewan;

wan; Lydia and Doug Leng who is the club's drill master.

The group has enjoyed a very busy summer with the first performance held at Namao's Sports Days on June 8. On June 14 they took part in the parade at St. Albert's Rodeo and received the trophy for the best mounted group. This was followed by three mounted square dance performances at the Rodeo. They participated in the Morinville parade on June 21, for Frontier Days and put on two performances there.

The group then journeyed to Red Deer for their parade and the Pony Express from Red Deer to Edmonton. On this distance run they are accompanied by a "hot truck" which carries the ice water bandages used to wrap the horses legs when they came off the run, this prevents the heat from going into their feet and ankles. The truck was operated by Betty Crozier, Myrna Bezzola and Graydon Bindon.

The express riders and vehicle drivers were George McKenzie, Gene Johnner,

Jack Capstick, Mary, Colin, Roddy, and Margaret Forest, Karen Crozier, Lorraine Vailant, Marg Davis, Pat Briggs, Cheryl and Ann Beaque. The mounted square dance group performed at all the towns coming north to Edmonton. Arriving in Edmonton for the Klondyke parade, Sharon Davis rode to the steps of City Hall and delivered the mail bag to Mayor William Hawrelak in person.

On the 15th of August the group rode in the Westlock parade but disappointingly could not perform due to rain. They travelled to Lloydminster to attend a very large horse show from August 21 - 23. Horses were shown from the United States, Manitoba and British Columbia.

Their last performance for the season was held on August 30 at Rich Valley, the present home of Lydia and Doug Leng, who treated the Mounted Square Dancers and their friends to a steak barbecue at their farm and a dance at the local hall which was enjoyed by all to finish a very busy season.

## Namao 4H Buttons and Bows

By Marie Huber  
The Namao 4H Buttons and Bows Clothing Club held their organizational meeting at the home of Mrs. Betty Samis on September 23, 1975.

The new executive is as follows: Leader - Mrs. Donna Craig; President Betty Gibson; Vice-Pres. Janet Gibson Secretary Bernadette Huber; Treasurer Denis Pow; Club Reporter Maria Huber; planning committee Susan Craig;

games committee Debbie Zaharichuk and Lesli Fay; adult committee Mrs. Gladys Gibson, Mrs. Betty Zaharichuk, and Mrs. Helen Fedorchuk.

Our club will have a candy sale and fish pond on October 18 at the turkey supper in the Namao School Gymnasium.

Our next meeting will be held October 21, at 7:30 p.m. at the home of Mrs. Vera Huber.

## Goldenagers meet in the Gazebo

By Liz McLeod  
About 25 senior citizens met in Calahoo Gazebo September 24 including Oscar and Eugenia Campeau and Tom and Rose Callihoo, to enjoy each other's company as well as cards, shuffleboard and bingo.

There was a short business meeting in which the land that Barney and Bun O'Neill are donating to the Goldenagers, was discussed, and Addie Thatcher made the WI's plans known regarding the community project to help the history fund by

holding a supper and dance. The lunch hour is always a pleasant one and those having September birthdays enjoyed a cake brought by Elsie Berry. All in all a most enjoyable afternoon was had by all present. The Goldenagers meet again on October 8 in the afternoon.

Jim Cust of R.R. 1 Calahoo was the lucky winner in the draw made after church last Sunday (towing to the church picnic being rained out) on the half of beef the parish were raffling.

## Challenge for Alberta farmers

The Alberta Great West Country Vacations Association wants to find more people interested in becoming Farm Vacation Hosts and Hostesses. These will not be people concerned primarily with an immediate financial return but ones who get a social dividend from sharing and willingly make a community investment by helping someone to better understand and appreciate the farmer. Farmers are needed

### Morinville Council Briefs

"I don't think we'll have any problems," said Mayor Art Stapleton. The mayor was referring to the difficulties the town had been having with Willobrook Homes and Greenacre Homes in regards to deficiencies in lot grading.

Evidently council's threat to stop issuing building permits to the companies has had an effect. Backyard levelling and other such jobs that had been ignored previously by the firms were industriously being worked on.

\*\*\*  
The recreation board still has vacancies, the council was informed.  
\*\*\*

The Central Sturgeon Agricultural Society will receive \$150 to cover damages inflicted upon their property by vandals. The vandals paid the Society back by working for the money. A private citizen has generously given \$150 to help cover the costs of vandalism, and council voted to give this donation to the Frontier Daze Association.

### Motel-restaurant-apartment complex considered

Morinville council approved in principle a 20 unit motel, a restaurant and a 48 unit apartment development to be located near the highway on Roy Street. Cost figures and design have yet to come up for council's approval.

Eugene Geoffroy of Vintage Contractors said he was waiting for sewers before he planned construction. Problem is that the development will be located away from the main sewer lines. The developer will both have to pay the costs of extending the line and get permission from the department of the environment to extend the line. A lot of discussion between council and the contractor centered around where the complex might hook into the line.

Coun. Harvey Atkinson expressed his concern about parking facilities. He felt the contractor should provide more parking for the extended development.

If these problems and economic considerations of the developer can be worked out, the development should go ahead.

to help translate in meaningful, individual ways the key role that we play in our society. Because we are so efficient we are simply taken for granted until the opportunity for person to person sharing across this occupational boundary takes place.

Host families in "Alberta Country Vacations" provide

this contact and understanding but 50 families can't start to meet the portion of our million metropolitan dwellers who would like to experience and learn about farm life. Remember that many of our city friends want to get away from "the so called rat race" for a weekend or their holidays. Many of the city

children do not realize such things as milk coming from cows. Why not take this opportunity to show them what farming is all about these days?

All you need is some extra room in your home that you don't know what to do with. Or maybe you've built a new home and still have the other

one? Neither? Well don't give up if you really want to share your ideas. Why not fix up a camping area for tents, trailers etc. As hosts you'll have so much more to share in making this new enterprise an exciting and profitable venture! After all there is a unique challenge to this demanding, but reward-

ing farm enterprise.

The annual meeting and convention takes place at the Red Deer Inn in Red Deer October 24 and 25. Everyone welcome.

For more information write Alberta Great West Country Vacations Association, Box 200, Rocky Mountain House, Alberta. TOM #10.
